

EK_HDC_12_NICKEL

EKWB Hardline Compression Fitting with Nickel Design 12mm

Product Overview

EKWB Hardline Compression Fitting with Nickel Design, ID 12mm G1/4, For Use with Hardline Tubing in Custom Loops (3831109845998)

Specifications

Overview:

EK-HDC Fitting 12mm G1/4 - Nickel

Product EAN: 3831109845998

EK-HDC Fitting is a solid-tube compression fitting, designed for use with solid tubing such as Acrylic, Copper, Stainless Steel or any other type of compatible hard tube.

Features:

EK-HDC Fitting is a solid-tube compression fitting, designed for use with solid tubing such as Acrylic, Copper, Stainless Steel or any other type of compatible hard tube.

EK-HDC Fitting is a more secure variant of the EK-HD Adapter fitting as it prevents solid tube to be pulled out of the fitting by

ComX Computers

Product Specification Sheet

compressing the rubber gasket underneath the ring.

The barb is made of black nickel-plated CNC machined brass while the ring is made of black-chrome plated CNC machined brass and feature quality O-rings. These fittings are fully compatible with EK-CSQ series (45 degrees/90 degrees) angled adapters.

Best practice is to install these fittings using Allen Key 9mm (not included, available for separate purchase).

ROHS Compliant!

PLEASE NOTE:

- Please wet the gasket (o-ring) using drops of water prior to installing the solid tube.
- Do not use excessive force when inserting solid tube!
- Do not use excessive force when attaching fitting barbs using Allen Key 9mm in order to prevent damage!
- It is mandatory to chamfer the edges of the freshly cut solid tube in order to prevent gasket (o-ring) damage. EK recommends a 0.5mm x 45 degrees chamfer.
- This product should NOT be installed with any aluminum Fluid Gaming parts!
