About this product

Buy the Xiaomi ELA6410EU A27i 27 inch 144Hz Full HD IPS Office Monitor for smooth performance, sharp visuals, and reliable everyday productivity. Designed with a fast IPS panel, 1920x1080 resolution, and ultra-smooth 144Hz refresh rate, this monitor delivers clear detail, fluid motion, and accurate color reproduction for office work, creative tasks, and entertainment. Shop now and upgrade your workspace with a modern high-performance display built for comfort and efficiency.

Overview Summary

Xiaomi A27i 27 inch IPS Monitor is a high-performance Full HD display designed for productivity, entertainment, and everyday computing. It combines a 27 inch IPS panel with a 1920x1080 resolution and a 144Hz refresh rate, delivering smooth motion and crisp image clarity for multitasking and media consumption.

The monitor features 99% sRGB color coverage and factory calibration for accurate and consistent color output, making it suitable for office tasks, design work, and general content creation. The wide 178 degree viewing angles ensure clear visibility from multiple positions, improving usability in shared or multi-monitor setups.

ComX Computers

Product Specification Sheet

Built for comfort, the display includes TÜV low blue light certification and flicker-free technology to reduce eye strain during long working sessions. Its slim bezel design enhances immersion while maintaining a clean and modern workspace aesthetic.

Performance tier:Mid range productivity monitor

Uses:office work, multitasking, web browsing, light design work, media consumption, casual gaming

Description

The Xiaomi ELA6410EU A27i 27 inch monitor is engineered for smooth visual performance and professional clarity. Its IPS panel provides accurate colors and wide viewing angles, while the 144Hz refresh rate ensures fluid motion during scrolling, video playback, and light gaming. With Full HD resolution, it balances performance and efficiency for both work and entertainment environments.

The monitor's minimalist design includes slim bezels and a stable adjustable stand, making it suitable for modern office setups and multi-screen configurations. Connectivity options include HDMI and DisplayPort support for easy integration with PCs, laptops, and gaming consoles.

Features

- 27 inch IPS panel for wide viewing angles and consistent color accuracy
- 1920x1080 Full HD resolution for sharp and detailed visuals
- 144Hz refresh rate for smoother motion and reduced blur
- 99% sRGB color gamut for accurate color reproduction
- TÜV low blue light certification for reduced eye strain
- Ultra thin bezel design for immersive viewing experience
- Multiple connectivity options including HDMI and DisplayPort
- Flicker free technology for comfortable long term use

Smooth & Comfortable Viewing

With a 144Hz refresh rate, the Xiaomi A27i delivers smoother scrolling, document navigation, and video playback compared to standard 60Hz monitors. This creates a more responsive and comfortable experience for daily office tasks. The TÜV Low Blue Light certification helps reduce eye strain during long working hours, making it ideal for extended use in office or home environments.

Accurate Colours with IPS Technology

The IPS panel ensures consistent colours and wide 178degrees viewing angles, making it perfect for shared viewing or multi-monitor setups. With 99% sRGB coverage and $\Delta E < 1$ accuracy, it delivers reliable colour performance for editing, design, and content consumption.

Clean Design for Modern Setups

The Xiaomi A27i features a minimalist design with a 3-sided borderless display, allowing for seamless multi-monitor configurations. Its slim profile and clean aesthetic fit perfectly into modern office and home workspace.
