Microsoft Surface 15" 8th Edition Series EP2-60247 Black Notebook, Qualcomm Snapdragon X2 Elite X2E-78-100 12 Oryon CPU cores up to 4.0GHz 34MB Cache Processor, 16GB LPDDR5 Memory onboard, Supports 16GB Max Mem, No memory slots, 512GB SSD Solid State Hard Drive PCIe, NO optical drive (No CD), 15" Capacitive Multi Touch Screen (3270 x 2180 resolution) Glossy Type LED Backlit Display, Adreno X2-85 Intergrated GPU, 80 TOPS Hexagon NPU Intergrated, Wi-Fi 7, Bluetooth, Webcam, 1x USB 3.2 Type-A, 2x Thunderbolt 4, 1.7 kg, Microsoft Windows 11 Professional 64 bit, 1 Year Carry in warranty

Specifications

Summary Overview:

Upgrade your workflow with the Microsoft Surface Laptop for Business 15-inch (8th Edition), now available for purchase in South Africa. This premium device combines sleek design with powerful Qualcomm Snapdragon performance, making it ideal for professionals who need reliability and speed on the go. Featuring a stunning anti-reflective touchscreen and all-day battery life, you can work efficiently from anywhere without compromise.

Secure your productivity with enterprise-grade features like Windows Hello and TPM 2.0 security, ensuring your data stays protected while you focus on what matters most. Whether you are managing complex spreadsheets or attending high-definition video calls, this laptop delivers seamless performance in a slim, lightweight form factor. Buy now to experience the perfect blend of style and power for your business needs.

Laptop performance tier:Premium Business

Uses:Video conferencing, document editing, data analysis, multitasking, web browsing, cloud computing

Overview:

The Microsoft Surface Laptop for Business 15-inch, 8th Edition is a premium notebook engineered specifically for the demands of modern enterprises. Powered by the Qualcomm Snapdragon X2 Elite processor and enhanced with Intel Arc graphics, this device delivers a seamless blend of AI-assisted productivity and robust performance. Whether you are working from a home office or traveling across time zones, the slim aluminium chassis ensures portability without compromising on power. The 15-inch PixelSense touchscreen features an anti-reflective coating certified to ISO standards, providing exceptional clarity in any lighting condition.

Description

This high-performance business notebook combines the efficiency of Qualcomm Snapdragon technology with the versatility of Windows 11 Pro. Designed for professionals who require reliability and speed, it offers extended battery life, comprehensive security features like TPM 2.0, and a sleek black finish. The inclusion of a dedicated Copilot key streamlines AI workflows, while the fast-charging capabilities ensure you stay connected throughout your workday.

Features:

Key Performance Highlights

- Processor: Qualcomm Snapdragon X Elite (X2E-78-100) with Intel Arc graphics for smooth multitasking
- Memory: 16 GB LPDDR5X RAM ensures rapid application switching and efficiency
- Storage: 512 GB SSD with removable M.2 PCIe support for flexible data management
- Display: 15-inch (38.1 cm) PixelSense touchscreen with a crisp 3270 x 2180 resolution and anti-reflective coating

ComX Computers

Product Specification Sheet

The device is built to handle the rigors of daily business use, featuring a durable aluminium casing and a comfortable keyboard layout enhanced by background illumination. Security remains a top priority with integrated Windows Hello facial recognition and TPM 2.0 hardware protection, making it an ideal choice for enterprise environments where data safety is paramount. Connectivity options are extensive, including two Thunderbolt 4 ports, a USB Type-A port, and support for Bluetooth and WLAN standards.

Essential Specifications

- Operating System: Windows 11 Pro 64-bit pre-installed
- Battery Life: Long-lasting 6-cell Li-ion battery (5806 mAh) with fast charging via USB Power Delivery
- Camera: 2 MP Full HD webcam optimized for professional video conferencing
- Dimensions: Compact profile of 239 x 18 x 329 mm and weighing just 1.67 kg

The unit comes equipped with a power supply adapter to ensure you can start working immediately upon unboxing. The design includes a microSD card reader for expanded storage options and a multi-touch touchpad that responds intuitively to user input. With its Part Number EP2-60247, this model represents the latest iteration in Microsoft's business laptop lineup, balancing cutting-edge AI capabilities with the reliability organizations trust.

What's in the box

- Mic/Headphones combo jack connector
- Surface Connect port cable adapter
- Power supply unit (39 W)
- User documentation and safety guides

FAQ

What type of processor does this business laptop use?

This Microsoft Surface Laptop for Business 15-inch (8th Edition) is powered by the Qualcomm Snapdragon X2 Elite X2E-78-100 processor, which delivers strong performance and AI-assisted productivity features designed for modern work environments.

Is the screen suitable for use in bright office spaces?

Yes, the 15-inch PixelSense touchscreen features an anti-reflective coating and a brightness of up to 600 cd/m², making it easy to view clearly even in well-lit environments while reducing glare.

What connectivity options are available for peripherals and displays?

The device includes versatile ports such as two Thunderbolt 4 connectors, one USB 3.2 Type-A port, a Surface Connect port, and a combo mic/headphone jack to support various business accessories and high-speed data transfer.

Does the RAM allow for future upgrades?

No, this model comes with 16 GB of LPDDR5X memory that is fully onboard; it is not user-upgradable, so users should consider their current multitasking needs before purchasing.

How does the laptop ensure data security for enterprise use?

The system includes comprehensive security standards such as Windows Hello for biometric login and a TPM 2.0 chip to help protect sensitive business data and ensure reliable operation in organizational settings.
