Specifications

Overview:

The CORSAIR iCUE SP120 RGB ELITE Performance Triple Fan Kit boasts eight bright, individually addressable RGB LEDs on each fan, for a vivid RGB lighting upgrade for any PC.

Features:

CORSAIR AirGuide Technology

SP RGB Elite series fans utilize anti-vortex vanes to direct airflow and concentrate cooling, improving cooling whether used as intake, exhaust, or mounted to a liquid cooling radiator or heatsink.

Mesmerizing RGB Lighting

Eight Individually Addressable RGB LEDs line the central fan hub and diffuse outwards through the semi-opaque fan blades for a subtle and elegant glowing effect.

Your Setup at Your Command

With the included* iCUE Lighting Node CORE you can create vivid lighting effects, bringing your system to life with dynamic RGB lighting using our powerful iCUE software.

Your Setup at Your Command

With the included* iCUE Lighting Node CORE you can create vivid lighting effects, bringing your system to life with dynamic RGB lighting using our powerful iCUE software.

Low-Noise, High-Performance

With noise levels as low as 18 dBA, the SP RGB ELITE's translucent fan blades provide ample airflow while still letting your RGB lighting shine through.
