

FAN-EHS20

Fanvil EHS20 EHS Adapter

Product Overview

Fanvil EHS20 EHS Adapter, 2x RJ9, 1x RJ45, Connect DECT base to Fanvil IP phones with EHS20 adaptor

Specifications

Overview Summary:

The Fanvil EHS20 EHS Adapter is a practical solution for connecting DECT headset bases to compatible Fanvil IP phones, giving users convenient remote call control directly from their headset. It allows you to hear ringtones, answer and end calls, and mute the microphone without needing to reach for your desk phone.

Ideal for busy offices and call environments in South Africa, this compact adapter helps improve productivity and comfort during daily communications. Easy to integrate with a wide range of Fanvil IP phones, it's a smart upgrade for professional voice setups-buy now and streamline your calling experience.

Performance tier:Professional

Uses:Office telephony, call centres, remote call handling, DECT headset integration, IP phone accessories

Overview:

Fanvil EHS20 Headset Adapter for IP Phones

Fanvil EHS20 EHS Adapter with 2x RJ9 and 1x RJ45 ports. Designed to connect a DECT base to Fanvil IP phones using the EHS20 adaptor.

Connect DECT base to Fanvil IP phones with EHS20 adaptor in order to achieve remote control and allow users to answer and end the calls by press the multi-function button on the headset.

Description:

The Fanvil EHS20 adapter enables seamless electronic hook switch control between compatible Fanvil IP phones and DECT headsets. It allows hands-free call handling, improves workflow efficiency, and supports professional call environments where mobility and convenience are essential.

Features:**Designed for Efficient Call Control**

The EHS20 headset adapter supports remote call management directly from the headset. Users can stay focused on conversations while maintaining freedom of movement, making it ideal for offices, reception desks, and call centers.
