Specifications

Overview:

Kingston's USB 3.0 High-Speed Media Reader reads all major card format types and supports UHS-I and UHS-II SD card speeds, making it ideal for photographers, videographers, design studios and printing houses. This versatile reader easily backs up photos and videos from your camera and lets you easily transfer photos, videos, music and other data between your favourite cards and your PC.

To maximise the performance of your memory cards and save time when transferring files, it features USB 3.0 high-speed performance with up to 5.0Gb/s data transfer speed, up to 10 times faster than USB 2.0. The USB 3.0 media reader has a sleek design, with a white body and brushed nickel case in a small form factor, and an easily read, built-in LED indicator. It's backwards compatible with USB 2.0 ports, which is convenient for systems with limited USB 3.0 ports.

Features:

- Ultra-portable - small size makes it an easy and convenient travel accessory
- Versatile - supports major types of memory cards and the latest speed standards (UHS-I and UHS-II)
- Fast - USB 3.0 performance for efficient and effortless data transfer
- Compliant - with USB 3.0 specifications, backwards compatible with USB 2.0
