Overview Summary

ADATA S007 Black and Green 16GB USB Flash Drive

The ADATA S007 16GB USB Flash Drive combines portable storage convenience with a rugged design made for daily use. Built with a durable rubber coated exterior, this USB flash drive helps protect stored data from impacts, shocks, and accidental splashes while remaining lightweight and easy to carry.

Designed for users who need dependable portable storage, the S007 supports USB 2.0 connectivity for fast file transfers between laptops, desktop PCs, smart TVs, car audio systems, and compatible devices. Its integrated cap holder design helps prevent cap loss, making it practical for work, school, travel, and general data backup tasks.

Performance tier: Entry-level portable storage

Uses: File storage, document backup, school projects, music storage, photo transfer, portable data transport

Overview

For those who spend as much time in the field as at a desk, now there is a flash memory product to go with your active lifestyle. The newly released S007 flash drive has the resilience and endurance to stand up to rougher terrain, with data transmission speeds plenty fast enough to keep up with you. Compliance with the US MIL-SPEC standards dispels fears of

data loss due to environmental factors. With a curved yet simple profile, the surface of the main body provides a comfortable and slip-resistant grip. A layer of military-grade protective rubber insulation provides waterproof and shock-resistant performance.

Description

The ADATA S007 16GB USB Flash Drive is designed for users who need dependable portable storage with added durability. Its black and green rubberized exterior provides a comfortable grip while helping protect the internal components from everyday impacts and handling during travel or mobile use.

With a compact form factor and lightweight construction, the S007 is easy to carry in a pocket, laptop bag, backpack, or attached to a keyring. The cap can be secured to the back of the drive during use to help reduce the chance of losing it while working on the move.

The USB 2.0 interface provides broad compatibility with desktop computers, laptops, multimedia systems, and compatible USB devices. The 16GB capacity gives users enough storage space for documents, presentations, spreadsheets, music libraries, photos, and video files. This makes it suitable for students, office professionals, technicians, and general home users looking for a practical portable storage solution.

The rugged construction and water resistant design make the ADATA S007 a suitable choice for users who work in demanding environments or need extra durability for everyday transport and use.

Features

The ADATA S007 offers practical portable storage features for daily computing and backup tasks.

- 16GB storage capacity for documents, photos, videos, and music
- USB 2.0 interface for simple plug and play connectivity
- Shock resistant rubber coated housing for added durability
- Water resistant construction for improved data protection
- Compact and lightweight design for portability
- Integrated cap holder helps prevent misplaced caps
- Compatible with laptops, desktops, and USB enabled devices
- Suitable for school, office, travel, and backup applications

Designed to Prevent Cap Loss
Have you ever lost a USB cap, or do you spend too much time worrying about losing one The S007's practical and distinctive design allows the cap to be easily tucked at the back of the drive to prevent loss, allowing you to stop worrying and keep going.

Waterproof
The protective rubber insulation prevents water damage when the drive is closed.

Proven Tough Against Shocks from Impact
Hardy construction provides dependable data access, no matter how harsh the environment where your work or play takes you.

Blazingly Fast Data Transfers
The ADATA S007 USB drive adheres to USB 2.0 high-speed transfer specs, reaching up to 30 MB/s for reading and up to 8MB/s1 for writing, which is 10% faster than ordinary USB 2.0 flash drives.

Usage Indicator Light
LED indicator light gives visual notification when drive is in use.

What's in the Box

- 1 x ADATA S007 Black and Green 16GB USB Flash Drive

Specifications

Capacity	16GB
