Specifications

Overview:

ADATA S102 USB 3.0 flash drive series has evolved. The S102 Pro continues with the finely textured texture of aluminum alloy casing of the S102, but with performance increased to a maximum read speed of 100MB per second. Letting you enjoy the thrill of high speed transmission, ADATA provides a feeling of luxury at a highly competitive price.

Features:

Meeting the Challenge of High-Performance Value

The USB 3.0 interface has become increasingly popular in the market, and the S102 Pro uses the latest USB 3.0 transmission interface with read speeds of up to 100 MB per second, and write speeds of up to 50 MB per second. Compared to the S102, the S102 Pro transmission efficiency is increased up to 50%, thereby reducing the waiting time when working with large media files. With a modest price the, S102 Pro allows you to challenge the limits of cost performance ratios.

Metallic Mystery

Complementing the mystery and dignity for your personality, the fine textured aluminum housing has a striking appearance in an appealing titanium color. The cap can be tucked in the back of the drive casing when in use, preventing accidental loss. The S102 Pro comes in capacities ranging from 8GB to 32GB, giving professional-grade storage capacity and great value for your high-speed experience.

Smart Power: The Means for Total Protection

Known for being top quality, with their remarkable performance and innovative designs, ADATA portable hard disk drives have more than "hard power" to offer, notably the most valuable software.

Specifications:
