Whether you're a professional sharing large files, a student transferring projects, or a traveler storing photos and videos, this 256GB flash drive delivers the flexibility you need. Buy now in South Africa for a dependable storage solution built to last.

Performance tier:High

Uses: File transfer, document backup, photo and video storage, cross-device data sharing, mobile file access

Overview:

Kingston DataTraveler Duo 256GB USB Flash Drive - Dual USB-A and USB-C Design

The Kingston DataTraveler Duo 256GB is a high-performance USB flash drive built for users who need versatility and speed. Designed with both USB Type-A and Type-C connectors, it provides seamless compatibility across multiple devices, from laptops and desktops to tablets and smartphones. With a durable dual moving cap design and read speeds of up to 200 MB/s, this drive is engineered for efficiency and everyday convenience.

Description:

The Kingston DataTraveler Duo 256GB combines portability, style, and dual-interface convenience in one device. It allows effortless data transfer between modern USB-C devices and traditional USB-A ports, eliminating the need for adapters. With its protective sliding caps and generous 256GB capacity, users can securely store and move documents, photos, music, and videos with confidence. Backed by Kingston's five-year Warranty and trusted reliability, it's an ideal solution for anyone looking for fast and flexible file management on the go.

Features:

Key Highlights

- Dual USB-A and USB-C connectors
- USB 3.2 Gen 1 performance with read speeds up to 200 MB/s
- Large 256GB storage capacity
- Dual moving cap design to protect connectors

Dual USB Connectors for Complete Compatibility

The DataTraveler Duo makes file sharing effortless between devices equipped with either USB Type-A or USB Type-C ports. Perfect for transferring data between newer laptops, smartphones, and legacy PCs without extra adapters.

Protective and Practical Design

The innovative dual moving cap system safeguards both connectors when not in use, ensuring long-lasting performance and reliability. It's a stylish, functional design that helps prevent cap loss while maintaining portability.

Ample Storage for All Your Files

With up to 256GB of storage space, the DataTraveler Duo easily handles large videos, photo libraries, music collections, and work documents - keeping your essential data readily accessible wherever you go.

Reliable Performance You Can Trust

Kingston's reputation for dependable storage solutions ensures that your files are safe and accessible.

Ideal For

- Professionals needing quick file access between devices
- Students transferring projects and media files
- Travelers managing photos and documents on the move
- Users who require cross-platform storage compatibility
