Specifications

Overview:

Kingston's DataTraveler 109 is a fashionable USB Flash drive available in seven colours that make it fun to connect and share photos, music, videos and more with friends and family. Its small, capless design easily attaches to a lanyard or keyring. It's a great accessory for slim notebooks and tablets.

DataTraveler 109 comes preloaded with urDrive1 software that gives you a new and exciting way to look at your data. When you launch the software, the urDrive interface pops up like a desktop for your USB drive. It features drag-and-drop and double-click capabilities to help organise all of your files, photos, videos, music and more. Easy to use, it includes a built-in Photo Viewer and MP3 player plus an online backup account to keep your important files secure in the cloud. This handy USB Flash drive is a great promotional item for businesses; your company logo can appear on it to increase your brand recognition.
