Specifications

Overview:

We're excited to bring the next generation of LED Downlights to South Africans. Designed to replace any 40-50W Halogen while using only 5W of power, these 5W LED Downlights push out an impressive 450 lumens and can be used on a non dimmable circuit! Coming in a standard 45 degree angle shine, the light output of this down light is awesome with a real warm white colour rendering (with a cool white option). All downlights come with a 2 year manufacturer warranty (3 years for Eskom rebate schemes) and are beautifully designed with a proper aluminium heat sink. Reap the benefits of saving 80-90% off your energy bills for many years to come with this affordable, top quality 5W LED Downlight.

Features:

- LED Downlights are the future of green, clean, energy efficient replacements for all halogen and CFL downlights;
- Beautiful Aluminium Heat Sink for optimal heat dispersion;
- Green and Environmental Friendly: no lead, no mercury, no pollution to the environment;
- Brightness degradation is less than 3% over the first thousand hours;
- Full Manufacturer Warranty of 2 years (3 years for all Eskom Rebate Schemes);
- Full CE & RoHS compliancy;
- High-quality LED sources, and high-quality LED drivers used.
- Incredibly low power consumption saving you as much as 90% off your electricity bills;
- Product life span of at least 50,000 hours;
- Even & comfortable lighting, non-halation & beautiful colour rendering / CRI;
- Cold light source with immediate cold start;
- No UV, no heat radiation, no heat generated
