FSP065-A1MP3

FSP 65W PD 2-prong USB Type-C Power Adapter

Product Overview

FSP 65W PD 2-prong USB Type-C Power Adapter, 65W rated Output Power, Over 90% energy efficiency

Specifications

Overview Summary:

The FSP 65W USB Type-C Power Adapter offers a fast, efficient solution to keep your devices powered up. This lightweight and compact charger is perfect for charging laptops, tablets, smartphones, and other USB Type-C devices. With an output of 65W, it delivers quick charging speeds, reducing downtime. Whether you're at home, at work, or on the go, this charger provides reliable power with built-in safety features like short-circuit protection and over-temperature protection. Shop now and experience a safe, efficient, and portable charging solution for your devices.

Performance tier: High-performance, energy-efficient

Uses: Laptop charging, smartphone charging, tablet charging, travel charger, universal device charging

Overview:

65W PD USB Type-C Power Adapter for Universal Laptop Charging
This FSP 65W PD power adapter delivers fast, efficient charging for a wide range of devices across South Africa. Whether you're working, studying, or traveling, this compact, lightweight charger ensures your devices stay powered with minimal hassle.

Description:

The FSP 65W PD power adapter is a high-performance charging solution designed to keep your notebook, tablet, or smartphone charged quickly and safely. It features a universal input voltage, making it suitable for use across South Africa and internationally. With an efficiency rate of over 90%, it conserves energy while offering a robust 65W output via USB Type-C for rapid charging. The adapter's intelligent design provides built-in protections against power surges, overheating, and short circuits, ensuring the safety of both your device and the charger. Compact and lightweight at just 90g, it's ideal for anyone on the move.

Features:

Fast and Reliable Charging for Any Device
This 65W power adapter uses the latest Power Delivery (PD) technology to provide fast and efficient charging for all your USB Type-C powered devices. Whether you're charging a laptop, tablet, or smartphone, the adapter automatically detects the required voltage and delivers it for optimal performance. With up to 65W output, your devices will charge significantly faster than with standard chargers, reducing downtime and keeping you productive.

Compact and Travel-Friendly Design
Weighing only 90g, this charger is incredibly lightweight and easy to carry, making it perfect for commuters, students, and business professionals who need to keep their devices powered on the go. Its compact size fits seamlessly into your bag without adding unnecessary bulk, while still providing the power you need to keep your devices fully charged. Its sleek, black design also complements a wide variety of devices.

Universal Compatibility for Global Use
Thanks to its wide input voltage range of 100-240V, this FSP power adapter is designed for use in different regions, including South Africa and beyond. It supports a range of devices, including USB Type-C laptops, tablets, smartphones, and other compatible electronics. Whether you're working in Cape Town, Johannesburg, or traveling internationally, this adapter ensures a consistent, reliable power source wherever you go.

Built-in Protection for Safe Charging
FSP's power adapter includes multiple layers of protection, including Short Circuit Protection (SCP), Over Voltage Protection (OVP), Over Power Protection (OPP), and Over Temperature Protection (OTP). These safety measures protect both your device and the charger from potential risks. With certifications from international safety standards such as FCC, UL, and BSMI, you can trust that this charger will keep your devices safe and secure.

Why Choose the FSP 65W USB Type-C Adapter
In a market flooded with unreliable, low-quality alternatives, the FSP 65W power adapter stands out. Trusted by professionals worldwide, FSP is known for delivering high-quality power solutions. This charger ensures you get the right amount of power for your devices, reducing the risk of overheating or damage. When you need a charger you can rely on, this is the one to choose.

Key Benefits

- Efficient Charging: Delivers 65W power for faster charging, reducing time spent waiting for your device to charge.
- Lightweight and Compact: At only 90g, it's easy to carry and store, making it ideal for travel.
- Wide Compatibility: Supports a variety of devices including laptops, tablets, and smartphones via USB Type-C.
- Universal Input: Works globally with an input voltage range of 100-240V.
- Energy Efficient: With over 90% efficiency, it reduces energy waste and keeps your devices cool.
- Safety Features: : Multiple protection mechanisms ensure a safe and secure charging experience.

Product Specifications

- Rated Output Power: 65W
- Input Voltage: 100-240Vac
- Input Current: 2.5A
- Input Frequency: 50-60Hz
- Output Current (USB Type-C): - 5V / 3A; 9V / 3A; 12V / 3A; 15V / 3A; 20V / 3.25A
- Output Current (USB-A): - 5V / 3A; 9V / 2A; 12V / 1.5A (18W Max)
- Efficiency: > 90% at 20V output
- Protection: SCP, OVP, OPP, OTP
- Safety Approval: FCC, UL, BSMI
- Color: Black
- Product Dimensions: 7.6 x 4.7 x 2.8 cm
- Product Weight: 90g

Included in the Box

- 65W PD 2-Prong USB Type-C Power Adapter (Black)
- South African 2-prong Plug Adapter

Why Trust FSP
FSP has been a trusted name in power solutions for years, providing high-quality products designed for stability and reliability. Whether you are in business, education, or on the go, FSP products are engineered to meet your power needs with precision. Choose FSP for a solution you can depend on.
