Product Specification Sheet

The high quality metallic wrist of GALAXY Gear comfortably wraps around your hand. With easy reach, you are able to check several features, including time, messages, music control and so on through the square-shaped touch screen on your watch. Various colour choices offer you the joy of matching it with your style. The exquisite GALAXY Gear is made with stainless steel materials on the border of the square which conveys a luxurious look.

Call

You can control incoming phone calls by speaking to your watch without having to take out your phone. Once you activate the S Voice by double pressing, you can run several features by giving verbal commands without touching the screen.

S Voice

Optimised S Voice makes spoken and typed commands equally fast options. GALAXY Gear is set to respond to your fingers or voice at all times. The S voice function lets GALAXY Gear assist your busy on-the-go life by allowing you to create schedules and check new messages instantly.

Notification & Smart Relay

Seamless communication from Gear to your phone. Experience seamless communication from your Gear to your phone. See previews of SMS and calendar invites on your Gear and see full content next time you view your handset.

Memographer

Quick snapshots to create lasting memories. Now with GALAXY Gear, you can take a quick snapshot before the perfect moment passes. Gear lets you share these memos instantly through SNS.

Voice Memo

Touchless voice memos. Tell GALAXY Gear everything you want to remember. You no longer need to take your phone out of your pocket or bag to write a memo. Just speak to your Gear
