Overview:

Windows 7 Home Premium makes it easy to create a home network and share all of your favorite photos, videos, and music. You can even watch, pause, and rewind TV or record it to watch whenever and wherever you want. For the best entertainment experience on your PC, choose Windows 7 Home Premium.

Features:

Easier to use

- Improved desktop navigation features like Snap, Peek and Shake, make it easier to manage all of your open windows and documents.
- Jump Lists put the documents you want handy and the ones you've used recently just a couple clicks away.
- Find virtually anything on your PC - from documents to songs to email - just by typing a word or two with Windows Search.
- Creating a home network has never been easier with HomeGroup.
- You can even share files and printers with all the Windows 7 PCs on the network.

Personalization

- Windows 7 gives you new ways to personalize your computer's desktop with a look and feel that suits who you are. There is a selection of themes and wallpapers that range from peaceful landscapes to colorful characters. Desktop slide show displays a rotating series of pictures, ours or yours.
- You can customize any aspect of a theme - sounds, color, backgrounds or screensavers.

It's Faster

- Designed to make your PC start up, shut down and respond faster.
- Connecting to wireless networks is fast and easy.

Pull Your Stuff Together with the Cloud

- Get free online storage for your files, photos and videos with Windows Live SkyDrive.
- Sync files on your PCs automatically with Windows Live Mesh.
- Share photos during video chats with Windows Live Messenger.

Get the best web built in with Internet Explorer 9

- High-definition videos are smooth, graphics are clear, colors are true and websites load faster and are responsive like never before.
- Pin your favorite websites to the taskbar and get to them in one click.
- Helps protect against identity theft and malicious software with SmartScreen Filter.

Edit and Share Photos

- Import photos from your camera, organize them into albums and tag people with face recognition.
- Easy to use editing tools make it simple to clean up photos, remove blemishes, fix red eye and more.
- Use Photo Fuse to combine the best parts of multiple photos into the perfect shot.
- Create stunning panoramas by combining a series of single photos.

Make Movies Easily

- Quickly turn your photos and videos into polished movies with AutoMovie.
- Add special effects, transitions, sound and captions.
- Create a DVD or post your movies to YouTube, Facebook and more right from Movie Maker.

Best PC Entertainment Experience

- Watch, pause rewind and record TV with Windows Media Center.
