

GPS1000UV2

Gizzu Hero Max 1024Wh / 1000W UPS Power Station with App

Product Overview

Gizzu Hero Max 1024Wh / 1000W UPS Power Station with App, 1024Wh Battery capacity, 1000W continuous AC Output, 1200W Peak AC Output, Built-In UPS Function for Backup Power, App Control for Remote Management, 2x USB Type-A Ports, 2x USB Type-C Ports on front panel, DC Outputs include a 100W PD Port and a 12V Car Socket

Specifications

Overview Summary:

Gizzu HERO MAX 1024Wh/1000W UPS Power Station

Ensure your essential devices stay running during load shedding with the Gizzu HERO MAX, a reliable portable power station designed specifically for South African homes and small offices. Featuring a substantial 1024Wh battery capacity and a built-in UPS function, this unit seamlessly switches to backup power when the mains fails, keeping your work, connectivity, and entertainment uninterrupted. With smart app control and versatile output ports, it offers modern convenience alongside robust performance.

Don't let unexpected outages disrupt your day; secure dependable energy storage today. Buy now or shop now to experience the peace of mind that comes with having a powerful, portable backup solution ready for any situation.

Performance tier:High-capacity UPS Backup

Uses:Home office support, emergency lighting, router and modem backup, laptop charging, entertainment systems

Overview:

The Gizzu HERO MAX 1024WH/1000W UPS Power Station With App (Part Number GPS1000UV2) is a reliable portable power solution designed specifically for South African homes and small offices facing unpredictable energy supply. This unit delivers 1024Wh of battery capacity and 1000 W of continuous AC output, ensuring that essential devices stay powered during outages without the need for noisy generators.

Description:

The HERO MAX combines high-capacity storage with smart UPS technology, allowing it to switch seamlessly to backup power when mains electricity fails. With integrated app control, users can monitor battery levels and manage connected loads remotely, making this a modern choice for remote workers and homeowners seeking uninterrupted connectivity.

Features:

Rely on Backup Power When You Need It Most

Sudden power interruptions can disrupt work from home setups, disconnect vital internet devices, and leave households in the dark. The HERO MAX addresses these challenges with a built-in UPS function that detects mains failure instantly to keep your equipment running without interruption. This seamless transition provides peace of mind for anyone who relies on continuous power for their daily activities.

The unit is rated for 1000 W of continuous AC output, making it suitable for powering a variety of everyday electronics from a single source. Whether you need to run a home office setup, entertainment systems, or other essential appliances during an outage, this station provides the flexibility required for modern living.

Smart Control and Connectivity

Gone are the days when you had to walk over to the unit to check its status. The companion app allows you to manage your power station from anywhere, giving you full visibility into your energy reserves and usage patterns. This smart connectivity transforms how you interact with backup power, offering a convenient way to stay informed about your energy supply.

The Gizzu HERO MAX model (GPS1000UV2) brings together substantial capacity, high output, and intelligent control in one compact unit. It is an ideal choice for those looking to upgrade their emergency preparedness without sacrificing convenience

or modern technology.

Technical Specifications:

- Battery Capacity: 1024Wh for extended backup runtime
- AC Output (Continuous): 1000 W steady power supply
- AC Output (Peak): 1200W surge capability for startup loads
- USB Ports: Includes 2 x USB-A and 2 USB Type-C ports
- DC Outputs: Features a mix of high-speed charging including a 100W PD port, a 20W PD port, two 18W QC3.0 USB-A ports, and a car socket for 12V/10A devices
- UPS Functionality: Yes, ensures instant backup during outages
- App Control: Supported via companion application
- Colour: Dark Grey finish
- Product Dimensions: 32.9 x 20.5 x 26.9 cm for compact storage
- Product Weight: 11500g

What's in the Box

- 1 x Gizzu HERO MAX 1024WH/1000W UPS Power Station With App
- 1 x AC Charging Cable
- 1 x Cigarette Lighter to XT90 Plug Cable
- 1 x User Manual

Choosing Gizzu means selecting a brand that provides clearly documented capabilities and specifications, making it easier for customers to find the right fit with confidence. The HERO MAX stands out as a robust solution for anyone needing dependable portable power in South Africa.

FAQ

What is the maximum power output of this unit?

The Gizzu HERO MAX provides 1000 W of continuous AC output and can handle peak loads up to 1200W, allowing you to run various household or office devices simultaneously as long as their combined wattage stays within limits.

Does this power station have a UPS function for backup during outages?

Yes, the HERO MAX includes a built-in UPS function designed to act as immediate backup power if the mains supply is interrupted, which is ideal for keeping home office equipment or essential devices running without interruption.

How can I monitor and control the battery status remotely?

You do not need to stay near the unit; this model features App Control that allows you to manage your power station and check its status through a companion app on your device.

What connectivity options are available for charging various devices?

The unit offers versatile ports including 100W and 20W USB Type-C PD ports, two QC3.0 USB-A ports, a car socket port (12V/10A), and an AC output to power standard electronics.

How much energy capacity does the battery hold?

The HERO MAX is equipped with 1024Wh of stored battery capacity, providing a substantial reserve for portable backup power in homes or small offices.
