Specifications

Features:

Unbelievable precision
Built-in with powerful laser sensor engine, you are allowed to game on the most surfaces, such as dusted glass or smooth and matte desktop. M8-610 provides the maximum sensitivity to improve your game efficiency no matter where you are.

Superb comfort
The M8-610 is ambidextrous design and perfect for either hand. It fits any palm size for natural posture. A superb rubber coating grip gives you total control, and is comfortable to operate during long gaming sessions.

In game DPI switching instantly
You can define the five DPI levels (800-2400-4800-6400-8200) using the DPI button control without interrupting game play. Shift between your current DPI level to another level with a single button press.

Customize 6 programmable button settings
You can assign six programmable buttons to set a single or a multi-command with 24 macro key memory to greatly improve your gaming.

Configuration in one platform
One platform fulfills all you needs. You can configure your Scorpion M8-610 settings and driver/firmware updates using the Genius Device Management, including button customization, DPI performance adjustment, lighting display and macros per games or yourpersonal preferences.
