Specifications

Features:

Next generation portable storage backup and security

My Passport Ultra is a sleek, powerful and secure little device. Behind the colorful exterior are seven generations of innovation and reliability. Millions of people around the world choose My Passport as their portable hard drive. Maybe you should, too.

Huge capacity in the palm of your hand

With 4TB of storage, you can take your all your photos, videos and music with you wherever you go.

WD Backup - scalable and automatic

Create an automatic backup strategy that fits your schedule and work style. Back up all the files on your system or only specific folders and files. You're in control.

Local and cloud backup

You choose - back up to your My Passport Ultra drive or to your Dropbox™ cloud-service account.

WD Security - classified-level protection

You protect the contents of your phone with a password, right? Why not do the same for your My Passport? Select password protection to engage powerful 256-bit hardware-based encryption, which is used by governments to protect classified information.

Power up with USB 3.0

My Passport Ultra features USB 3.0 compatibility, which means 5 Gb/s transfer speed (3X faster than USB 2.0) and you can power up your My Passport Ultra without carrying a bulky power cord and plug.

Colors to match your style

WD's newest generation of My Passport Ultra drives feature carefully selected colors to complement today's color trends. Select from Classic Black, Brilliant White, Noble Blue and Wild Berry.
