Hikvision Hik vertical pole mounting bracket for Speed Dome

Product Overview

Hikvision Hik vertical pole mounting bracket for Speed Dome, Aluminum alloy and steel, 355.5 mm x 261.8 mm x 170.7 mm dimension, DS-1604ZJ-pole

Specifications

Overview Summary:

The Hikvision DS-1604ZJ-Pole is a durable vertical pole mounting bracket designed for Speed Dome camera installations. Made from aluminium alloy and steel with a Hikvision white finish, it provides a practical mounting solution for professional security camera systems.

If you need a reliable pole mounting bracket for a Hikvision Speed Dome installation, buy now or shop now for the DS-1604ZJ-Pole.

Performance tier:Professional-grade

Uses:Speed Dome camera mounting, vertical pole installation, security camera installation, surveillance system deployment

Overview:

Hikvision DS-1604ZJ-Pole Vertical Pole Mount for Speed Dome

The Hikvision DS-1604ZJ-Pole is a vertical pole mounting bracket designed for Hikvision Speed Dome cameras. Constructed from durable aluminum alloy and steel, it provides a secure mounting solution for installations where a pole-mounted camera position is required. The Hikvision white finish offers a clean appearance that integrates well with compatible surveillance equipment.

Description:

The DS-1604ZJ-Pole vertical pole mount provides a practical and sturdy way to install a Hikvision Speed Dome camera on a vertical pole. Its aluminum alloy and steel construction is designed for dependable support, while the compact mounting design helps position the camera securely for effective surveillance coverage.

This bracket is suitable for professional CCTV installations, security monitoring systems, commercial properties and other applications where a Speed Dome camera needs to be mounted to a pole rather than a wall or ceiling.

Features:

Hikvision DS-1604ZJ-Pole Mounting Bracket

The DS-1604ZJ-Pole is purpose-built for vertical pole mounting of compatible Hikvision Speed Dome cameras. Its combination of aluminum alloy and steel provides a robust mounting platform while keeping the bracket practical for installation.

The Hikvision white finish gives the bracket a professional appearance and allows it to blend with many Hikvision surveillance installations. With dimensions of 355.5 mm x 261.8 mm x 170.7 mm, it provides a substantial mounting structure for supported Speed Dome applications.

Key Technical Details

- Model: DS-1604ZJ-Pole
- Product type: Vertical pole mounting bracket
- Application: Speed Dome camera mounting
- Material: Aluminum alloy and steel
- Colour: Hikvision white
- Dimensions: 355.5 mm x 261.8 mm x 170.7 mm
- Dimensions in inches: 14 x 10.31 x 6.72 inches
- Weight: 3.8 kg (8.38 lb)

Secure Pole Mounting for CCTV Cameras

Pole mounting can be useful when a camera needs an elevated or unobstructed viewing position and a conventional wall mount is not suitable. The DS-1604ZJ-Pole provides the mounting hardware needed for a compatible Hikvision Speed Dome installation, helping create a stable and professional CCTV setup.

The bracket is also well suited to larger surveillance deployments where cameras need to be positioned on existing poles around commercial sites, facilities, perimeter areas or other monitored locations.

Part Number and Product Identification

The part number for this Hikvision vertical pole mounting bracket is HK-302701666 . The manufacturer model is DS-1604ZJ-Pole, making it easier to identify the correct bracket when selecting mounting accessories for compatible Hikvision Speed Dome cameras.

Typical Applications

The Hikvision DS-1604ZJ-Pole can be used for Speed Dome camera installations in commercial security systems, industrial sites, property surveillance, perimeter monitoring and other CCTV applications requiring pole-based camera mounting.
