Retail Box

Specifications

Overview:

Lightweight, sleek and fun, the Asus Google Nexus 7 tablet was made for your mobile life. Its powerful Android Jelly Bean operating system and quad-core Tegra 3 processor give you amazing silky, smooth performance so you can conquer that mobile game or check your flight status with ease. The stunning 7" capacitive touchscreen changes the way you watch HD movies, read e-books, and even type out e-mails.

Features:

Simple. Beautiful. Beyond Smart.
The Nexus brand represents a premium Android-based device that delivers the best Google experience available on tablet. It's the confluence of the latest software and state-of-the-art hardware and represents a literal nexus of digital life.

Nexus 7 is Google's latest Nexus experience device and the first tablet to feature Android 4.1 Jelly Bean. It combines the best of both Google and ASUS design, with the most advanced software from Google paired with cutting edge ASUS hardware.

Stunning 7" display
With a vibrant 1280 x 800 high-definition display, Nexus 7 brings apps, games, books and movies to life. New ASUS TruVivid technology improves color clarity and brightness, while the IPS panel delivers crisp and detailed visuals with ultra-wide 178? viewing angles. Scratch-resistant Corning® Fit Glass and a textured chassis design that prevents hand slippage ensure Nexus 7 is incredibly robust and meets the demands of consumers on the go.

Designed with gaming in mind
Nexus 7 was created for mobile gamers. With an NVIDIA Tegra 3 quad-core processor, everything is faster - pages load quickly, gameplay is smooth and responsive, and running multiple apps is a breeze. A 12-core GeForce GPU delivers advanced graphics while the patented 4-PLUS-1 CPU design gives you maximum performance when you need it and power efficiency when battery conservation is the priority.

With heart-pounding quad-core performance, a responsive 10-finger multi-touch screen, plus gyroscope and accelerometer sensing, you can barrel roll, tilt, touch, and tap your way to the top of the leaderboards while exploring over 600,000 apps and games available on Google Play.

The world's most popular platform
Nexus 7 is powered by Android 4.1 Jelly Bean, the latest version of the world's most popular mobile platform. With smarter notifications that let you respond quickly, beautiful new widgets that put your favorite content front and center, and home screen customization that's drag-and-drop easy, Android is now faster and more intuitive than ever.

Made for Google Play
Nexus 7 was tailored for Google Play, putting all the entertainment you love right in your hand: the world's largest collection of eBooks, millions of songs, thousands of movies and TV shows, and a growing selection of magazines - plus over 600,000 apps and games.

Best of Google
Nexus 7 comes with all your favorite Google Apps, like Gmail, Chrome, Google+, and YouTube, putting the best of Google in the palm of your hand. Easy to use, everything automatically syncs across your tablet, smartphone, and computer. With tons of free cloud storage and features you'll find nowhere else, Nexus 7 brings the best of Google together in one streamlined and beautiful device.

Fully-fledged tablet
Nexus 7 uses premium hardware designed by ASUS. It is truly durable for even the most demanding mobile users, delivering up to 9.5 hours* of battery life in a sleek form that's 10.5mm thin and just 340g in weight. It has the portability of a paperback book, but with the added convenience of a connection to an entire world of digital entertainment.

Less charging, more doing
With over 8 hours of HD video playback, 10 hours of web browsing, and 10 hours of e-reading, Nexus 7 is designed to go the distance. Whether you measure battery life in chapters read, levels completed, movies watched or minutes of backseat silence, you can spend less time charging and more time doing.

Face Unlock
Unlock your tablet with a smile. No complicated passwords to remember, just switch on your tablet and look into the camera to quickly unlock your tablet.

Android Beam
Easily share contacts, websites, apps, maps, directions and YouTube videos to other people close by. Simply hold two NFC enabled Android tablets close to each other and push to beam and share.

Google+ with Hangouts
Video chat with up to 9 people.

Camera with Single - Motion Panoramic Mode
Take amazing photos or videos, edit and then share them right from your tablet.

Voice Typing
Simply touch the microphone on the keyboard and use your voice to type your emails, SMS, or anywhere you want to enter text.
