HW-MS650

Samsung HW-MS650 Sound+ Premium Soundbar

Product Overview

Samsung HW-MS650 Sound+ Premium Soundbar, 3 Channel, Center & Side Speakers, 4K Pass thru, HDR, Smart Sound Mode, Wide Range Tweeter, distortion cancelling, Bluetooth

Specifications

Features:

Simple sounds beautiful
Sound is simply beautiful. Samsung audio technologies deliver rich, room-filling home theater sound without the need for a separate subwoofer. With a premium design and an elegant single mount option, Sound becomes one with your TV and brings your entire home cinema experience together like never before.

Sound that fills the room and moves every listener
Exclusive technologies blend advanced sound processing and precise speaker control to deliver just the right level of bass. Sound delivers all-around perfect sound, no matter where you are in the room thanks to Samsung's Wide Range Tweeter.

Don't just hear it. Feel it.
Distortion Cancelling technology predicts and cancels out distortion before it happens. Multi-speaker control increases the power and depth of bass by precisely coordinating the movement of each speaker. The result is richer, more detailed bass.

Sweet anywhere you sit
Virtually every spot is the sweet spot. Get consistently amazing sound everywhere in the room with Samsung's Wide Range Tweeter, which covers a wide frequency range.

Get real, with HD Audio
Hear your music the way it was meant to be heard, with more nuance and depth. HD Audio preserves the quality and richness of the original sound through 96kHz/24 bit high resolution audio.

Gain control with OneRemote
The OneRemote from select 2017 Samsung TVs can manage many of the Soundbar's functions through the TV UI

Seamless mount
Sound becomes one with your TV with a single seamless mount solution*. No need to make additional holes in your wall and

you can use just one cable to power both devices.

Seamless mount
Sound becomes one with your TV with a single seamless mount solution*. No need to make additional holes in your wall and you can use just one cable to power both devices.

Smart sound mode
Select a sound mode, or let the soundbar choose for you. Sound automatically analyzes the content and gives you optimized sound.

Wireless connection with TV
Connect your Soundbar to your Samsung TV* with ease and without the clutter of wires via Bluetooth or Wi-Fi. You'll be able to enjoy all your content instantly with clearer, more impactful sound.

A truly seamless 4K experience
With 4K Pass-through, a simple HDMI® connection delivers the best in audio and picture quality. Connect any 4K video source like a UHD Blu-ray player, through the Samsung Sound Soundbar to your TV for rich sound and 4K picture quality.

A better connection to your favorite music
Whatever songs get your heart beating, Sound can stream them from your phone or tablet. Simply use Bluetooth or connect to Wi-Fi to play your music through Samsung's Multiroom App. Within moments, you'll be playing your favorites in a new way.

Wireless surround sound ready
The Wireless Surround Kit lets you expand your surround sound system easily without the mess of wires. Together with your Soundbar, you can create a multi-channel system for a true surround sound experience.

The science of sound
Tested and tuned at the renowned Samsung California Audio Lab, our audio engineers applied new methods of transduction and advanced computer modeling to give you perfectly balanced, room-filling sound.
