

IAT1000

Cirago iAlertTag with Bluetooth 4.0

Product Overview

Cirago iAlertTag with Bluetooth 4.0, Wireless Bluetooth phone and key tracker

Specifications

Overview:

iAlertTag (Wireless Bluetooth Phone and Key Tracker) Model Number: IAT1000

Wirelessly Secures, Alerts, and Locates your iPhone

The iAlertTag (Wireless Bluetooth Phone and Key Tracker) is the solution to keep you from leaving your iPhone or valuables behind. The iAlertTag creates a link with your iPhone so that anytime your phone and the tag are separated, both the tag and your phone would vibrate and produce an alarm sound.

The iAlertTag is based on the latest Bluetooth 4.0 Low Energy technology, so the lightweight compact tag is extremely energy efficient. Under normal usage, the tag can be used for about one year before the need to replace the battery.

iAlertTag comes with a free companion app which you can download from the iTunes App store

The iAlertTag app allows you full customizations, such as selecting alarm sounds for the tag.

Features:

SECURE

The iAlertTag is the solution to keep your iPhone/iPad, and valuables that are attached to the iAlertTag, close to you. The iAlertTag creates a wireless link with your iPhone/iPad.

ALERTS

If you forget and leave your iPhone/iPad behind, the iAlertTag reminds you by vibrating and/or producing an alarm sound. Or, if the iAlertTag is attached to your keys and you leave your keys behind, the iPhone/iPad will sound an alarm to alert you.

LOCATES

Forget where you have placed your phone? Simply press the button on the iAlertTag and your phone will sound an alarm. Or if you have misplaced the iAlertTag, press the "Find iAlertTag" button on the app and the iAlertTag alarms with sound and/or

vibration.

LOCK YOUR WINDOWS COMPUTER

Step away from your computer for a few minutes? The iAlertTag will send a signal to lock your computer when you walk away (Cirago's BTA8000 Bluetooth Adapter required)

FREE APP

Download the free companion app on the iTunes App Store.
