Specifications

About this product

The Kingsons Prime Series Backpack is a professional-grade hybrid laptop bag designed for mobile professionals who carry both tech and documents. With a dedicated 15.6" laptop compartment, tablet sleeve, two major zippered compartments, trolley handle and covered wheels, plus water-resistant jacquard fabric and a sleek black design, it offers both durability and convenience in one versatile carry system.

Overview Summary

Product Title: Kingsons K8380W 15.6" Backpack-Trolley Bag (Prime Series)

This Prime Series carry case from Kingsons blends the functionality of a backpack with the mobility of a trolley bag - making it ideal for business travel, campus life or commuting. The large 47 x 33 x 18 cm chassis supports 15.6" laptops and tablets while offering two main zipper compartments for work materials, folders and accessories. The integrated trolley handle and wheels let you effortlessly roll through airports or stations, and the water-resistant jacquard fabric gives peace of mind against

light rain or spills.

Whether you're travelling between meetings or heading into lectures, the K8380W keeps gear organised and protected. With a weight of just 2.25 kg and smart compartment layout, it's built for efficiency and durability.

Performance tier:Premium commuter tier

Uses:Laptop carry, Tablet protection, Business travel, Campus commuting

Description

The Kingsons K8380W Backpack-Trolley delivers a seamless experience for today's mobile professional. It features durable jacquard fabric in a refined black finish, underpinned by water-resistant treatment to help shield your gear from light weather conditions. Inside, you will find a padded laptop compartment sized for up to 15.6'' devices, alongside a dedicated tablet sleeve and multiple storage zones. Two large zippered compartments provide space for documents, books, chargers and other essentials. On the exterior you'll notice the trolley handle and covered wheels - enabling you to roll the bag when standing or switch to backpack mode for stairs or crowded spaces.

Cleverly designed for both function and comfort, the bag offers ergonomic shoulder straps, a top carry handle and back panel support. The thoughtful layout means you can separate your tech, files and everyday items without compromise. Whether you're navigating campus corridors or airport terminals, the K8380W combines ruggedness and style for versatile travel, study and day-to-day use.

This hybrid bag ensures your laptop and tablet are kept safe and ready, folders and accessories are easily accessible, and switching between wheeled and carried modes is simple and efficient. It's a smart choice for commuters and business travellers alike.

Features

Key features and benefits include:

- Hybrid carry system: Designed to be used as both a backpack and a trolley bag with wheels and retractable handle - offers flexibility depending on your travel environment.
- Large storage capacity: Two main zippered compartments plus front pocket(s) allow organised storage of laptop, tablet, documents and accessories.
- Device protection: Dedicated padded compartments for laptops up to 15.6'' and for tablets provide secure transport.
- Water-resistant fabric: Jacquard construction treated for light moisture resistance - ideal for South African unpredictable weather.
- Practical dimensions: At 47 x 33 x 18 cm (typical) and just 2.25 kg, the bag balances size with portability without being too bulky.
- Durability and finish: Covered wheels protect from debris, robust handles and smooth zippers ensure long service life.

- Water-resistant: Yes

FAQ

Is the Kingsons K8380W suitable for frequent travel?

Yes. It is designed as a hybrid trolley-bag style backpack with wheels, a retractable handle and a robust build, making it well suited for airport and commuting use.

Can it fit a 15.6" laptop and a tablet at the same time?

Yes. The K8380W has dedicated compartments for a laptop (up to 15.6") and a tablet, along with two large main zippered sections for accessories, documents and gear.

Is the fabric water-resistant and suitable for South African conditions?

Yes. The bag uses a jacquard fabric that has been treated to offer water resistance - helpful for light rain and daily use in variable weather.

How heavy is the bag when empty?

The empty weight is approximately 2.25 kg. This makes it relatively lightweight for a trolley-style bag with wheels and built-in handle.

Does it require any extra wheels or tools to convert from backpack to trolley mode?

No. The wheels and retractable handle are built into the design. You simply extend the handle to roll the bag or retract it and carry it as a backpack with shoulder straps.
