Specifications

About this product

The Zoweetek ZW-RKM709 Wireless 2.4GHz Keyboard and Mouse Combo provides seamless wireless control for your PC, laptop, or smart device setup. Designed for versatility, comfort, and efficiency, this compact multimedia keyboard and precision mouse pair are ideal for work, study, or home entertainment environments.

Overview Summary

Product: Zoweetek ZW-RKM709 Wireless 2.4GHz Keyboard and Mouse Combo

The Zoweetek ZW-RKM709 combo offers a smooth and stable wireless connection of up to 10 meters using 2.4GHz technology. Featuring a responsive keyboard with Windows multimedia hotkeys and a high-precision mouse adjustable up to 3200 DPI, it ensures quick navigation and efficient control whether you are working, gaming, or streaming media.

The included nano USB receiver supports a wide range of systems including Windows, macOS, Linux, Android TV boxes, Raspberry Pi, and more. Compact yet durable, the keyboard and mouse are lightweight, energy-efficient, and ergonomically designed for comfortable daily use.

Performance tier: Entry-level multimedia wireless combo

Uses: General computing, office productivity, smart TV and media control

Description

The Zoweetek ZW-RKM709 Wireless Keyboard and Mouse Combo delivers stable 2.4GHz wireless performance with plug-and-play convenience. The nano receiver, stored conveniently in the back of the keyboard, allows for an instant connection without additional software. Its multimedia hotkeys give you direct access to applications, media, and volume

control.

The ergonomic mouse provides precision tracking with adjustable DPI levels of 1600, 2400, and 3200 to suit different tasks from browsing to gaming. The compact keyboard features durable keys with a lifespan of up to 10 million presses, while both devices operate efficiently on AAA batteries (not included). Ideal for desktop PCs, laptops, HTPCs, and smart TV setups, this combo enhances productivity and comfort.

FAQ

Where is the USB receiver located?

The nano USB receiver is inserted in the back cover of the keyboard for safekeeping during transport.

Does this combo support Smart TVs?

It works with many Android TV boxes but is not compatible with Amazon Fire TV Stick or some Smart TVs.

Are the batteries included?

No, both the keyboard and mouse require 2 x AAA batteries each, which are not included.

Can the mouse DPI be adjusted?

Yes, the mouse supports 3 adjustable DPI levels: 1600, 2400, and 3200.

Is the combo plug-and-play?

Yes, simply connect the nano receiver to a USB port, and it's ready to use without additional drivers.
