comfort, responsiveness, and flexibility in one complete package.

Performance tier:High-end productivity

Uses:Typing, data entry, creative writing, gaming, professional office work, multi-device control

Overview:

B36 Keyboard and BM25 Mouse Wireless Combo

Elevate your workspace with the Keychron B36 and BM25 wireless combo, a full-size keyboard and ergonomic mouse designed for productivity and comfort. With versatile connectivity options, quiet typing, and long-lasting battery life, this set is built to handle multi-device setups efficiently. Seamlessly switch between devices while enjoying a smooth, distraction-free workflow that supports extended work sessions without compromise.

Description:

The Keychron B36 Keyboard and BM25 Mouse combo offers a full-size 100% layout keyboard with silent scissor switches, delivering a quiet and precise typing experience. The ergonomic mouse provides adjustable DPI from 400 to 2400, ensuring comfort and accuracy for all-day use. Both devices support 2.4 GHz wireless, Bluetooth 5.2, or wired Type-C connections, allowing easy switching across multiple devices. The keyboard stores up to five custom profiles and supports macro programming, while the mouse features responsive Huano micro switches. Durable ABS plastic construction and extended battery life-up to 320 hours for the keyboard and 98 hours for the mouse-ensure reliability for demanding work environments.

Features:

Effortless Typing and Comfortable Navigation

Experience the quiet yet tactile feel of the B36 keyboard's scissor switches, ideal for office spaces or home setups where minimal noise is essential. The full-size 100% layout includes a numeric keypad, enhancing efficiency for data entry and extended typing tasks. The BM25 mouse is ergonomically shaped to reduce fatigue, with adjustable DPI settings that allow precise control for creative, professional, or casual use.

Flexible Connection Options

Connect up to three devices simultaneously using 2.4 GHz wireless, Bluetooth 5.2, or a wired Type-C connection. The included 2-in-1 receiver allows both the keyboard and mouse to share a single USB port, freeing up valuable connectivity. Effortlessly switch between computers, laptops, or tablets with a simple key combination, maintaining workflow continuity across all your devices.

Customisable Controls for Efficiency

Tailor your setup with key remapping, macros, and five onboard profiles stored in the keyboard, enabling consistent performance across devices. The mouse's DPI adjustment and responsive switches allow for precise navigation, whether you are designing, gaming, or managing spreadsheets. This level of customisation ensures a personalised and highly productive experience.

Built for Durability and Long-Lasting Use

Constructed with high-quality ABS plastic, the Keychron B36 and BM25 combo withstands everyday wear and tear. The keyboard's 800mAh battery provides up to 320 hours of wireless use, while the mouse's 600mAh battery lasts up to 98 hours. For tasks that demand maximum responsiveness, the wired connection supports a 1000 Hz polling rate for the keyboard and mouse, ensuring immediate input detection.

What You Get

- Keychron B36 100% Wireless Keyboard
- BM25 Ergonomic Wireless Mouse
