Kaspersky Standard Anti Virus 1 year License - 5 Devices

Product Overview

Kaspersky Standard Anti Virus 1 year License - 5 Devices

Specifications

Overview Summary:

Kaspersky Standard Anti Virus 1 Year 5 Devices provides robust, award-winning cybersecurity designed to protect multiple devices under a single license. It delivers real-time defence against viruses, malware, ransomware, phishing attacks and advanced hacking attempts, ensuring secure digital activity across your home and personal devices.

This solution is compatible with Windows, macOS, Android and iOS, making it suitable for mixed-device environments. With built-in firewall protection, anti-phishing tools and online payment security, it supports safe browsing, shopping and communication. Clean-up and optimisation tools also help maintain smooth device performance.

Buy now or shop now to secure your digital life with reliable, multi-device protection trusted for everyday cybersecurity needs in South Africa.

Performance tier: Mid-range cybersecurity suite

Uses: Virus protection, malware removal, ransomware defence, secure online banking, phishing prevention, multi-device security management

Overview:

Kaspersky Standard Antivirus 1 Year License for 5 Devices
Kaspersky Standard delivers comprehensive digital protection designed for everyday users who need reliable security across multiple devices. It combines core antivirus capabilities with modern online safety tools to help protect personal data, secure browsing activity, and maintain smoother device performance across supported platforms.

Description:

Kaspersky Standard is a multi-device cybersecurity solution built to protect against a wide range of digital threats while

improving overall system usability. It delivers layered security that helps block malware, prevent unauthorized access, and safeguard online transactions. In addition to protection, it includes tools that assist with system clean-up and application management, helping devices run more efficiently while maintaining strong real-time defence.

Features:

Multi-Device Protection Across Platforms
This license supports up to five devices, making it suitable for households or users with multiple systems. It is compatible with major operating systems, ensuring consistent protection across different environments:

- Windows
- macOS
- Android
- iOS

The flexibility allows users to secure laptops, desktops, smartphones, and tablets under a single subscription.

Security and Threat Defense Layering
The solution is built on a multi-layer protection framework designed to respond to both common and advanced cyber threats in real time.

- Antivirus protection monitors and blocks viruses, worms, trojans, and botnet activity using real-time scanning
- Anti-malware protection defends against keyloggers, adware, rootkits, spear phishing attempts, and interception attacks
- Anti-hacking protection helps prevent ransomware attacks and restricts unauthorized network intrusion attempts

This layered approach is designed to continuously monitor system activity and neutralize threats before they can compromise data or performance.

Performance and Online Safety Tools
Beyond core protection, Kaspersky Standard includes additional utilities that improve both safety and device efficiency. A built-in firewall helps regulate network traffic, while anti-phishing systems reduce the risk of fraudulent websites and scams. Online Payment Protection adds an extra security layer during financial transactions, helping secure sensitive banking and shopping activity.

System optimization tools also assist with removing unnecessary files and managing applications, contributing to improved device responsiveness over time.

The product part number is KL104195EFSPAPDVDNCD, used for identification and licensing purposes.

Supported Devices and Compatibility
Designed for broad usability, this solution works across all major consumer platforms, allowing unified protection across personal and mobile devices without separate installations or subscriptions.

Kaspersky Plan Comparison

- Kaspersky Standard - Core antivirus and anti-malware protection
- Real-time threat detection and firewall
- Safe browsing and anti-phishing
- Secure online payments (Safe Money)
- Basic performance optimization tools
- Device cleanup and app management
- Kaspersky Plus - Everything in Standard
- Unlimited high-speed VPN
- Password manager and secure vault
- Enhanced privacy protection tools

- Data leak checker and identity protection
- Advanced performance tools (including HDD monitoring)
- Kaspersky Premium - Everything in Plus
- Premium 24/7 remote IT support
- Advanced identity protection features
- Priority expert virus removal services
- Full suite of security, privacy, and performance tools
- Best for families or users needing complete digital protection
