Specifications

About this product

Kaspersky Plus Internet Security - 1-year licence for up to 5 devices. Provides advanced multi-layered protection with real-time antivirus, anti-malware, anti-hacking, firewall, unlimited VPN, password manager, and performance optimisation tools for Windows, macOS, Android, and iOS.

Overview Summary

Kaspersky Plus Internet Security - 1 Year (5 Devices)

Kaspersky Plus Internet Security delivers premium security, privacy, and performance for up to five devices. Its real-time antivirus, anti-malware, anti-phishing, firewall, and anti-ransomware protections safeguard against both common and sophisticated cyber threats.

Additional features include an unlimited VPN for secure browsing, a password manager for storing credentials safely, and performance optimisation tools with HDD health monitoring to maintain device speed and reliability across Windows, macOS, Android, and iOS platforms.

Performance tier: Premium / Advanced

Uses: Multi-device protection, Home and office security, Secure online banking, Private browsing, System optimisation

Description

Kaspersky Plus Internet Security 1-year licence protects up to five devices with a multi-layered security system. It includes real-time antivirus, anti-malware, anti-phishing, anti-ransomware, and firewall protections to defend against viruses, trojans, spyware, rootkits, and other sophisticated threats. Privacy is reinforced with an unlimited VPN and password manager, while performance optimisation and HDD health monitoring keep devices running smoothly without compromising security.

Features

Key features included in Kaspersky Plus Internet Security:

- Real-time Antivirus: Continuous protection against viruses, worms, trojans, and advanced malware threats.
- Anti-Malware: Blocks keyloggers, adware, rootkits, spear-phishing, and man-in-the-middle attacks.
- Anti-Hacking & Firewall: Protects against network intrusions and ransomware attacks.
- Unlimited VPN: Encrypts your internet connection for private and secure browsing.
- Password Manager: Securely stores passwords and sensitive data across devices.
- Performance Optimisation: Improves device speed and responsiveness through background optimisation and HDD monitoring.
- Data Leak & Privacy Protection: Alerts if personal information is exposed online.
