Kaspersky Plus Internet Security 1 year License - 5 Devices

Product Overview

Kaspersky Plus Internet Security 1 year License - 5 Devices. OS: Windows macOS Android iOS; Features: Antivirus, Firewall, Unlimited VPN, Password Manager, Performance Tools.

Specifications

About this product

Kaspersky Plus Internet Security - 1-year licence covering up to 5 devices. Provides advanced cyber defense, privacy tools and performance optimisation including real-time antivirus, firewall, unlimited VPN and a secure password manager.

Overview Summary

Kaspersky Plus Internet Security - 1 Year (5 Devices)

This licence protects up to five devices-including Windows, macOS, Android and iOS-with multi-layered security to combat viruses, malware, ransomware and network-based attacks. The firewall, anti-phishing and anti-hacking features add strong protection for home or office networks.

It also prioritises privacy and usability: the unlimited VPN encrypts your internet connection while the password manager securely stores your credentials. Performance tools such as hard-drive health monitoring, system clean-up and "do-not-disturb" mode ensure your devices run smoothly without constant security interruptions.

Performance tier:Premium / Advanced

Uses:Multi-device protection, Secure browsing, Identity and account protection, System optimisation, Private transactions

Description

The Kaspersky Plus Internet Security licence (1 year / 5 devices) gives you a powerful, all-round protection suite that balances security, privacy and performance. The antivirus engine constantly monitors for malware, trojans and ransomware, while firewall and anti-hacking modules defend your network from intruders.

Your privacy is shielded by an unlimited VPN, which encrypts your internet traffic on any network. A password manager helps you store and autofill your accounts safely. To keep devices running efficiently, the suite includes drive-health monitoring, file cleanup, unused app removal and a "do-not-disturb" mode so protection doesn't interrupt activities like gaming or full-screen

apps.

Features

- Real-Time Antivirus: Detects and prevents infection from common and advanced malware.
- Anti-Phishing & Firewall: Blocks phishing sites, network intrusions, and unauthorised access.
- Unlimited VPN: Secure and private web browsing without data limits.
- Password Manager: Secure storage of passwords and sensitive data with cross-device access.
- Hard Disk Health Monitoring: Tracks disk health and warns of potential drive failures.
- Performance Optimization: Cleans up large or duplicate files, removes unused apps, and boosts startup speed.
- Entertainment Mode / Do-Not-Disturb: Disables notifications and scans during full-screen apps.
- Stalkerware & Privacy Protection: Detects monitoring apps, protects webcam/mic, and blocks ads.
- Data Leak Checker: Alerts you if your personal data appears in known breaches or leaks.

What's in the Box

- 1 x Kaspersky Plus Internet Security - 1-year licence (digital activation code)
- Product code: KL104295EFSPAP
- Activation instructions via My Kaspersky account

Specifications

- Product code: KL104295EFSPAP
