About this product

Kaspersky Safe Kids is an all-in-one parental control app that helps monitor, protect, and educate children online and offline. It provides web filtering, app control, screen time management, GPS tracking, and activity alerts across Windows, macOS, Android, and iOS devices.

Overview Summary

Kaspersky Safe Kids - Parental Control App

Kaspersky Safe Kids empowers parents to protect their children's digital experience with ease. Monitor online activity, restrict access to harmful content, and set screen time limits. The app supports multiple devices and platforms, including Windows, macOS, Android, and iOS.

With GPS tracking and real-time alerts, parents can know their child's location at all times. Advanced web filtering, Safe Search for YouTube, and app use controls provide safe online experiences, while time scheduling and device limits promote healthy digital habits.

Performance tier: Family / Parental control

Uses: Child monitoring, content filtering, screen time management, location tracking, online safety

Overview:

The all-in-one app for digital parenting and family wellbeing
Kaspersky Safe Kids makes parental controls easy. Track whereabouts and device habits, restrict content, balance screen time, and more in our all-in-one app .

Compatible with:

- Windows

- macOS
- Android
- iOS

Description

Kaspersky Safe Kids is designed to give parents full visibility and control over their children's digital environment. It allows monitoring of online activity, GPS location tracking, and alerts for worrying behavior. Safe Kids also includes web filtering, Safe Search for YouTube, and app control to protect children from harmful content.

Parents can manage screen time, schedule device use, and educate children on healthy online habits. With intuitive reports and notifications, Safe Kids ensures children can explore the digital world safely while maintaining a balance between online and offline activities.

Your trusted digital parenting assistant
Empower your family to safely navigate the digital world with help from Kaspersky Safe Kids.

Monitor
Know where your kids are 24/7, monitor their digital activity and screen time, and get alerts for worrying behaviour.

Protect
Protect your children from negative experiences across devices by blocking harmful content.

Educate
Nurture positive habits by teaching digital safety and encouraging online-offline balance.

Features:

- Online content filter
- Safe Search for YouTube
- Apps use control
- Screen time management
- Screen time scheduling

- GPS locator

FAQ

Which devices are supported by Kaspersky Safe Kids?

Safe Kids supports Windows, macOS, Android, and iOS devices. The number of devices depends on the license purchased.

Can I track my child's location?

Yes. GPS tracking allows you to know your child's location 24/7 and receive alerts for movement or device status.

Does Safe Kids filter harmful content?

Yes. The app includes web filtering, Safe Search for YouTube, and app controls to block inappropriate content and apps.

How can I manage screen time?

Safe Kids allows you to set daily limits, device schedules, and app-specific restrictions to balance online and offline activities.

Is there a report of my child's activity?

Yes. The app generates activity reports to monitor online behavior, app usage, and website visits, helping ensure digital safety.
