Specifications

Overview:

Unlike standard keyboards, this one features Advanced Encryption Standard (AES), which can help protect your personal and business information by encrypting what you type. Enjoy the classically designed keyboard, with a pillow-textured palm rest for support and comfort. The desktop is completed with a wireless, full-size mouse that features enhanced side grips, four-way scrolling and Blue Track technology. Not only is this desktop secure, comfortable and convenient - it's simple to use-just plug in the transceivers and you're ready to go!
