Specifications

Overview:

This sleek desktop is contemporary and minimalistic. It has quiet-touch keys for a serene typing experience and a full-size mouse that provides comfortable, precise navigation. The Wireless Desktop 900 also includes Advanced Encryption Standard (AES), which is designed to help protect your information by encrypting your keystrokes. Both the keyboard and the mouse have an average battery life of 2-years.

Features:

Advanced Encryption Standard (AES) 128-Bit Encryption
This keyboard features Advanced Encryption Standard (AES*) technology, which is designed to help protect your information by encrypting your keystrokes. Each keyboard is permanently paired with its receiver at the factory-no key information is ever shared over the air.

Quiet-touch keys
Quiet-touch keys provide comfortable, responsive typing.

Easy, reliable plug-and-play transceiver
Transceiver lets you set up in seconds and offers a reliable connection with a wireless range of up to 30-feet.

Easy-access hot keys
Provide easy access to commonly used functions.

Full-size mouse

Larger mouse size is designed for greater comfort and more precise navigation.

2-year average battery life
Low power consumption provides 2-year average battery life for both the keyboard and mouse based on normal usage.

Ambidextrous mouse design
Mouse is designed to fit comfortably in your right or left hand.

Customizable buttons
Customizable buttons give you access to the Windows features you use most.

System requirements:

Computer
Requires a PC that meets the requirements for and has installed one of these operating systems:
Windows 10 / 8 / 7
Mac OS X v10.4 - 10.7

Connectivity
USB

Hard Drive Space
Customizable Windows features require Mouse and Keyboard Center software (150 MB software download) and the latest Windows update

Other Information
2 AAA and 2 AA Alkaline Batteries required (included)
