Product Specification Sheet

KVM-DP-USB-V1310A

Unitek V1310A 8K DisplayPort 4 port USB 3.0 5Gbps KVM Switch

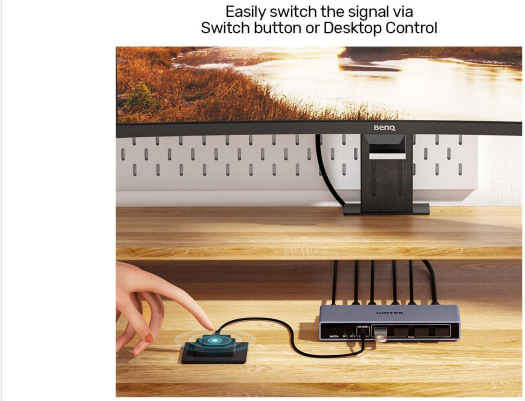

Product Overview

Unitek V1310A 8K DisplayPort 4 port USB 3.0 5Gbps KVM Switch, 8K@60Hz Max Output Resolution, 2x DisplayPort (Upstream), 1x DisplayPort (Downstream), 2x USB Type-A 5Gbps (Upstream), 4x USB Type-A 5Gbps (Downstream), Up to 10m signal trasmission range, 1m cable length

Specifications

Overview Summary:

The Unitek V1310A 8K DisplayPort KVM Switch is a high-performance device designed to simplify your workspace. It enables seamless control of two computers using a single monitor and up to four USB peripherals. With 8K resolution support at 60Hz, enjoy ultra-clear visuals while switching between systems with just a press of a button. The KVM switch also offers fast 5Gbps USB 3.0 data transfer, making file sharing effortless. Its compact design ensures minimal desk clutter, making it an ideal solution for both professional and gaming setups. Enjoy easy plug-and-play installation, and increase your productivity with this powerful device. Buy now and streamline your setup!

Performance tier: High-end

Uses: Office work, gaming, presentations, multi-device control, file sharing

Overview:

Unitek V1310A 8K DisplayPort KVM Switch: Enhance Your Workspace with Seamless Control
The Unitek V1310A 8K DisplayPort KVM Switch is a versatile device designed to streamline your workspace. It enables seamless switching between two computers using a single monitor and up to four USB peripherals. Whether you're looking to enhance productivity in a professional setting or enjoy smoother gaming sessions, this KVM switch offers excellent performance and convenience.

Description:

With support for 8K resolution at 60Hz, the Unitek V1310A allows users to experience ultra-clear visuals while effortlessly managing multiple devices. The KVM switch features four USB 3.0 ports, offering fast data transfer speeds of up to 5Gbps. Its plug-and-play functionality ensures quick and easy setup, while its compact design minimizes clutter, making it ideal for both office environments and gaming setups. Compatible with Windows, Mac, and Linux, it's perfect for any multi-device user seeking a more efficient workspace.

Features:

Seamless Switching Between Two Devices
The Unitek V1310A lets you control two computers with a single monitor and keyboard, making it perfect for multitaskers. Switching between systems is as simple as pressing a button, saving time and reducing desktop clutter. The device supports up to four USB peripherals, enabling you to manage printers, USB drives, keyboards, and mice with ease.

Ultra-Clear 8K Display at 60Hz
With support for up to 8K resolution at 60Hz, this KVM switch provides exceptional image quality. Whether you're working, watching videos, or gaming, enjoy sharp, high-resolution visuals without compromising performance. It's also backward compatible with 4K, ensuring compatibility with a variety of display setups.

Fast 5Gbps USB Data Transfer
The four USB 3.0 ports on the Unitek V1310A allow data transfer speeds of up to 5Gbps, ensuring quick file sharing between your devices. Whether you're transferring large files or using multiple USB peripherals, this KVM switch ensures smooth, efficient performance.

Durable Design for Long-Term Use
Crafted with an aluminum housing, this KVM switch ensures fast heat dissipation, maintaining stable performance even during extended use. The LED indicator keeps you informed of the device's connection status, and the compact design makes it ideal

for desk setups where space is at a premium.

Easy Setup and Plug-and-Play Functionality
No need for complex drivers or installation procedures. The Unitek V1310A is plug-and-play, so you can start using it immediately after connecting it to your devices. Its compact size (146.0mm x 62.0mm x 20.5mm) ensures that it takes up minimal desk space while providing maximum efficiency.

Perfect for Office Environments and Conferences
Whether you're presenting in a conference room or working in a shared office space, the Unitek V1310A is an ideal solution. It allows you to easily control two computers and share a single monitor with up to four USB peripherals. With its 8K resolution support and high-speed USB transfer, it's designed for seamless presentations and efficient collaboration.

Ideal for Gaming Setups
Gamers can benefit from the Unitek V1310A's ability to switch between multiple systems while maintaining high-quality visuals. Supporting 8K resolution at 60Hz and offering fast 5Gbps USB data transfer, this KVM switch is perfect for managing your gaming devices without cluttering your desk.

Key Benefits:

- Streamlined workspace: Manage two PCs, a single monitor, and up to four USB devices from one compact device.
- High-resolution support: Experience crystal-clear images with 8K@60Hz compatibility.
- Efficient data transfer: USB 3.0 ports offer fast 5Gbps transfer speeds for quick file sharing.
- Easy setup: Plug-and-play functionality makes installation hassle-free.
- Wide compatibility: Works with Windows, Mac, and Linux operating systems.

This KVM switch offers everything you need for both professional and personal use, improving workspace organization and boosting productivity. Whether you're working in an office, presenting in a conference room, or gaming at home, the Unitek V1310A delivers smooth, high-performance functionality.

Specifications	
Product Code	KVM-DP-USB-V1310A
Operating System	Windows 10/ 11 (32/ 64bit), Linux kernel 3.x, Mac OS 10.6 or above
Host Port Compatibility	DP output devices
Max Output Resolution	8K@60Hz
DisplayPort	2 x DisplayPort (Upstream), 1 x DisplayPort (Downstream)
USB-A	2 x 5Gbps (Upstream), 4 x 5Gbps (Downstream)
Signal Trasmission Range	Up to 10M
LED indicator	4
Cable Length	1M
Cable Type	USB-A to USB-A PVC
Power Supply	5V2A
Power Source	DC Power Adapter

Dimensions	146.0mm x 62.0mm x 20.5mm
Material	Aluminum Alloy
Colour	Space Grey
What's In the Box	1 x USB 3.0 DP KVM Switch
	2 x USB A to A Cable (1M)
	1 x Desktop Controller
	1 x 5V2A Power Adapter
	1 x User Manual
