Overview:

Lexmark XM3350 A4 Multifunction Mono Laser Printer: Advanced Performance and Security

The Lexmark XM3350 is a versatile A4 multifunction mono laser printer designed to handle demanding office workflows. It offers fast printing, scanning, copying, and faxing, making it an all-in-one solution for business needs.

Features:

Key Features and Specifications:

- **Print Speed and Quality:**Print up to 47 pages per minute with sharp 1200x1200 dpi resolution for professional-quality documents. Fast first-page-out time helps improve efficiency.
- **Multi-Function Capability:**Copy, scan, print, and fax from one device, simplifying your workspace.
- **User-Friendly Interface:**The 7-inch Lexmark e-Task color touch screen offers intuitive navigation and easy access to all functions.

- Paper Handling:Equipped with a 100-sheet multipurpose feeder, 550-sheet input tray, and 250-sheet output bin for uninterrupted printing.
- Duplex Scanning:The dual-pass automatic document feeder (DADF) supports single-pass duplex scanning to speed up two-sided document processing.
- Connectivity:Includes Gigabit Ethernet, USB 2.0, and WiFi for flexible and reliable network connections.

Enhanced Security Features:

Lexmark prioritizes security to protect your data and network. The XM3350 integrates the Trusted Platform Module (TPM), providing onboard authentication, system integrity checks, and advanced cryptographic functions. This ensures compliance with strict industry standards such as Common Criteria and FIPS. The printer's proprietary hardware and firmware technologies work together to minimize vulnerabilities and safeguard sensitive information.

Sustainability Commitment

This model is built with eco-friendly principles in mind. It holds certifications like Energy Star, Blue Angel, RoHS, and EPEAT Silver. Lexmark leads the industry in using recycled materials, with products containing at least 39% post-consumer recycled content. Designed for longevity, the printer reduces waste through durable components and sustainable engineering.

Intelligent and Durable Design

Durability is key in high-volume environments. The XM3350 features a steel frame that enhances stability and reliability. Components are designed for long service life and are easy to maintain with minimal tools, ensuring consistent performance even under heavy usage. Accessibility standards are met to accommodate all users.

Productivity Boosting Features:

Optimize your workflow with print speeds up to 50 pages per minute on letter-sized paper. Scan at speeds of up to 52 images per minute for single-sided and up to 104 images per minute for double-sided documents. These capabilities help streamline document management and reduce wait times.

Remote Management and Mobile Printing

This IoT-ready printer supports remote management, allowing administrators to set up, configure, and monitor devices from anywhere. Wireless connectivity provides flexible access options. Firmware updates can be applied remotely, ensuring your printer stays up-to-date with the latest features and security patches. Additionally, a mobile printing app enables job monitoring and control directly from your smartphone.

With the Lexmark XM3350 multifunction laser printer, businesses can achieve secure, sustainable, and efficient document processing all in one robust device.
