Specifications

Features:

The ultimate curve
The elegant LG Curved Sound Bar upgrades the interior with an urban touch and incredible surround sound. The simplicity of the design means the speakers suit any interior. Enhance the room with the speakers and enrich the space with sound. It is an ideal accessory to the matching OLED or any other curved TV.

Exquisite sound
The Curve creates the perfect surround sound by enveloping the room with flawless sound. The listener can feel the completeness of music and revel in impeccable sound. The tweeters at each end of the speakers makes every note impressive. Listen to perfection and feel the immersive sound.

Use your Phone to Control the Speakers
The simplified listening of the LG Curved Sound Bar is tailored to my high-tech, urban lifestyle. With Google Cast built-in you can instantly cast your favorite music, radio, or podcasts to your speaker using your mobile device. Just tap the Cast button from your favorite mobile audio apps to create the perfect atmosphere with music and other entertainment.

Audio Streaming Service
Access the latest music streaming services such as Spocify, Deezer, Napster and TuneIn through LG's Music Flow player.

Auto Music Play by LG Range-of-Flow™
Just get close to Music Flow. With LG Range-of-Flow(TM) technology, the Music Flow will automatically sync and play music on your smart devices.

Home Cinema Mode
Simply add an LG Music Flow sound bar to your network and synchronize it with your LG Music Flow speakers to enjoy the home cinema experience.

Multi-room Mode
Speakers placed in separate rooms can play the same music or different music based on your needs. Synchronize your multi-room speakers together to play the same song in every room.

HD Music Playback
Be free to play any music source, even 24 bit/192 kHz HD music file, such as FLAC, WAV, AIFF, Apple Lossless. With LG Music Flow even large capacity files can be seamlessly shared around the home without dropouts.

Home Chat
Text your speaker via SMS on the way home and music ready to play when you arrive. Set autotimers, alarms and even have songs recommended for simplified listening with a fun and easy chat.

Seamless Network
By combining a mesh network technology with Dual Band Wi-Fi (2.4/5GHz) LG Music Flow provides a stable and seamless connection that never misses a beat.
