LG 38WK95C 38" Curved LED Display

Product Overview

LG 38WK95C 38" Curved LED Display (3800R curvature) - 1073.7million display colors, 3-Side virtually borderless design, with nano-iPS technology (true 178 degrees wide viewing angle + real color) with 99% sRGB, support screens split mode (work as 2/3/4x displays)+PiP+PBP, 2-way adjustable (tilt+height), RGB sphere lighting, with AMD FreeSync + black stabilizer+ dynamic action sync, 21:9 ultra wide, 3840x1600 WQHD+; brightness - 300cd/m2; mega contrast ratio - 5000000:1, response time - 5ms - HDMi+ DisplayPort+ type-C+ headphone out + 2x USB3.0 downstream - 100x100mm vesa wall-mountable

Specifications

Features:

WQHD+ Screen Resolution
The Wide Quad High Definition+* (WQHD+) resolution is four times clearer than basic HD, for stunning picture quality. Designed for display of advanced graphics on a wide screen, WQHD+ delivers an amazing 3840 x 1600 pixels.

HDR 10
To more fully realize content creators' vision, this monitor is compatible with industry-standard HDR10 high dynamic range, supporting specific levels of color and brightness that exceed the capabilities of ordinary monitors.

IPS with sRGB 99% (Typ.)
This monitor, with 99% coverage of the sRGB spectrum, is a great solution for photographers, graphic designers or anyone looking for highly accurate color.

21:9 UltraWide® Display
The UltraWide 21:9 aspect ratio makes movies and games more immersive than ever. Need to get some work done, too? All of that UltraWide real estate makes it easy to view multiple documents at the same time, so you don't need to flip back and forth between them.

Virtually Borderless Design
The ultra-thin bezel on three sides of this streamlined display offers a virtually borderless visual experience, without distraction from the precise, gorgeous image. A sleek addition to any desktop.

USB Type-C™

Offering a new generation of convenience, USB Type-C™ports allow 4K video display, data transfer and laptop/mobile device charging, all at the same time over a single cable. Reduce cord clutter and increase efficiency with USB Type-C™.

On-Screen Control

On-Screen Control puts a host of essential monitor settings into a handy window for quick, easy access. Volume, brightness, picture mode presets, Screen Split 2.0 and Dual Controller and more can now be adjusted with just a few clicks of the mouse, instead of hard buttons on the monitor.

Ergonomic Stand

The sleek design of LG premium monitors is accentuated by the ArcLine stand. The smooth curve of the base provides stability, assuring dependable performance with a touch of elegance.
