Specifications

Overview:

Monitor equipped with Samsung's unique color engine and White LED-backlight (WLED), has higher color accuracy requirements, color temperature and brightness. The new monitors' highest response time is 5ms and also features MEGA DCR technology, which enhances dynamic contrast 5,000,000:1 in textural images. Diversified "Magic" functions allow you to extend its viewing angle so the screen always appears as if viewed face-on.

Features:

See it your way with wider viewing angles.
How do you like to watch movies? Do you like lying down on the couch? Sitting in your favorite chair? Cooking or exercising? Whether you're standing, sitting or lying down, Samsung Magic Angle makes sure that the movie always takes center stage and that you're always comfortable. This means, thanks to the 5-mode angle management, that whatever angle you watch

your Samsung monitor, you will enjoy a full visual experience with amazing picture clarity. So, start seeing your favourite movies and other multimedia in total comfort and without limitations thanks to Magic Angle.

Control brightness, conserve energy.
Eco saving makes saving energy easy. It adjusts the brightness of your Samsung monitor based on how much energy you want to save. And with the choice of three energy saving modes (50%;, 25%; and Power Saving off), you can really tailor your monitor use to meet your own personal needs. Samsung's commitment to saving energy is designed to help both you and the environment, and with up to 50%; saving on consumption, you can really make a positive impact on your eco footprint. Take the effort out of saving energy and take control with Eco saving.
