Samsung c24FG73fq 24" FG73 Curved Gaming LED Monitor

Product Overview

Samsung c24FG73fq, 24" FG73 Curved gaming LED (1800R curvature), 144hz AMD FreeSync, sound interactive LED lighting, 3-way adjustable (tilt+pivot+HAS) stand, Quantum dot display for sRGB 125% accurate colors, glossy black, with Magic Eco+ Magic Angle+ Magic Return+ MagicBright3 + MagicTune, Full HD 1920x1080 (WUGA+); brightness - 350cd/m2; contrast ratio- 3000:1/inf. MDC, response time - 1ms, 75x75mm vesa-wall mount - 2xHDMi+ DisplayPort+ audio out(3.5mm)

Specifications

Features:

Curved and super-fast
Blending its advanced motion blur reduction technology with its superior VA panel, Samsung has created this curved monitor with a super-fast 1ms MPRT (motion picture response time) that lets you enjoy unprecedented gaming performance without motion blur across the entire screen.

Uninterrupted, flaw-free gaming
The rapid 144Hz screen refresh rate minimizes image lag and motion blur for smooth gaming, while user-friendly 60Hz/120Hz settings let you optimize monitor performance, on-screen display, without having to it each time in the display setting menu.

Redefine your gaming experience
Leveraging Quantum Dot technology, Samsung's radical curved gaming monitor with approximately 125% sRGB color coverage. Now the colors are more wide-ranging, richer and clearer, closer than ever to real life, making your gaming experience more like real-life action.

Optimized for any game genre
Developed in concert with the Samsung Galaxy Team, the semi-final winner in the LOL World Championship 2016, the CFG73's factory-calibrated game display modes instantly optimize black gamma levels, contrast ratios, sharpness and color value settings for any game genre, be it FPS, RTS, RPG, or AOS

Get the real gaming vibes
With Samsung's OSD dashboard menu optimally tailored for gamers, you can have a full view of key game settings at a glance and use shortcut keys to change the settings the way you want them. Set this Good Design Award winner and splash straightaway into the game.

Precise, firm positioning
The CFG73's sturdy vertical stand, designed for the most demanding gaming, can tilt, swivel, pivot and height adjust, giving you precise control over how you position the monitor, without space restriction-for the winning edge in any onscreen contest.

Curved to pull you in
The industry-leading 1800R curved screen pulls you into the gaming experience unlike any other monitor. With Eye Saver mode and Flicker Free technology reducing eye fatigue, you can play more intensely for longer in greater comfort.

Black and white, now in starker contrast
Samsung's advanced VA panel technology minimizes light leakage across the entire screen and corners and delivers a best-in-class 3000:1 contrast ratio for deep blacks and bright whites in even the darkest and brightest scenes.

Smoother gameplay
With AMD FreeSync technology, you'll enjoy flawlessly smooth gameplay in any kind of action. And Game Mode lets you effortlessly select screen settings optimized for different game genres to ensure you see darker areas in more the detail in game scenes.
