Specifications

Overview:

The LG 42LY751H 42 inch Full High Definition 1080p Direct LED Pro Centric Smart Hotel Television is well-suited for use in professional and commercial environments such as hotels and hospitals. This model has a 42"-class LED display and features a 1920 x 1080 (FHD) native resolution for viewing detailed high-definition content. The featured 1200:1 contrast ratio showcases this TV's ability to handle light and dark on-screen images. The panel has a 60 Hz refresh rate to combat image blur and distortion on moving images. The TV features USB, HDMI, as well as various other interface ports for connecting a variety of video sources. The ProCentric Smart technology offers customizable tools needed to optimize a property's TVs with IP-based programs including HTML5, Java, and Flash.

Features:

Pro:Centric Smart technology

The ability to provide premium hotel services without the need for a set-top box. Built-in WiFi enables guests to access a wide variety of content including internet web browsing and connections to social media applications. Smart Share allows users to share content stored on laptops, digital cameras, smartphones, and other devices directly to the TV.

Smart customization

LG Pro: Centric Smart offers extended customizable tools; HTML5, Java and Flash so partners can optimize Hotel TVs to develop their own enhanced service design. Besides own designed essential TV service, guests can be served with

bandwidth-worry-free pre-loaded applications without privacy concern thanks to LG's advanced history auto deletion S/W.

Extended connectivity

Commercialized connectivity is ever revolutionized with Smart Share such as Smart Mirroring, WiDi and Smart Share which enables guests to play and view content from their digital devices on their in-room TVs. Let your guests surf the internet just like at home with LG's easy-to-use Motion Remote controller and web-browser function.Enjoy and share content stored on your laptop, digital cameras, smart phones and other devices to your TV conveniently and seamlessly.

*Video playback only - content on phones may be played on TV through the Smart Share app on compatible LG smartphones.

Effectively Manage In-Room TV's

The USB Cloning feature allows you to simply copy the TV settings onto all TVs using a USB stick, a process that is fully automated to save time without having to set each TV one by one.

Cost savings

Save big on the expenses of managing the Hotel TVs with LG's unique STB integrated solution and IP over Coax. Real-time remote diagnosis report helps you to detect error in advance to prevent TVs from being any malfunction.

Reduced Total Cost of Ownership

Using LG's optional Pro:Centric server, you can remotely manage cloning and channel mapping for TVs in patient rooms without having to visit each room.EzManager's auto configuration function makes installation quick and easy. EzManager guides the installer to set up the TV with simple steps without having to set up the menu manually, saving time and cost.
