Product Overview

Lenovo Dual-Mode Wireless ANC Headset 6550, BT 5.3, Wireless USB-C Receiver, Noise Cancellation, Travel Pouch

Specifications

About this product

The **Lenovo 6550 Dual-Mode Wireless ANC Headset** delivers advanced Bluetooth 5.3 and USB-C wireless connectivity with hybrid Active Noise Cancellation and AI-powered environmental noise suppression for clear calls and immersive sound. Buy this premium headset from our site for reliable hybrid work audio and quick delivery in South Africa.

Overview Summary

The Lenovo Dual-Mode Wireless ANC Headset 6550 is a professional grade wireless headset designed for hybrid work, calls, meetings, and long listening sessions. Featuring Bluetooth 5.3 and a wireless USB-C receiver, this headset gives you flexible connectivity options that adapt to laptops, desktops, and mobile devices without wires or clutter. Hybrid Active Noise Cancellation (ANC) and AI powered Environmental Noise Cancellation (ENC) ensure clearer voice pickup and fewer distractions during calls or meetings.

The ergonomic overhead design with memory foam earcups provides all day comfort for professionals in open offices or on the move. With up to 60 hours of audio playback and 30 hours talk time on a full charge, plus intuitive call and media controls on

the earcup, this headset is ideal for extended use. Certified for Microsoft Teams, you benefit from seamless integration with popular UC platforms for conferencing and collaboration.

Performance tier:Premium professional audio

Uses:Remote work calls, hybrid meetings, travel audio, multimedia, voice communication

Description

The Lenovo Dual-Mode Wireless ANC Headset 6550 combines flexible dual connectivity with long battery life and smart noise control technologies. Its Bluetooth 5.3 offers stable wireless audio with a range up to approximately 30 m, while the included USB-C wireless receiver provides a plug and play connection for devices without Bluetooth. Hybrid ANC works with AI powered ENC to reduce ambient and background noise, making both calls and media enjoyable in busy environments.

Engineered for comfort and extended use, the headset uses memory foam earcups and a lightweight headband to reduce fatigue during long conference calls or multimedia sessions. On device buttons allow easy control of media, calls, ANC modes, and volume without interrupting workflow. Microsoft Teams certification enhances compatibility with corporate and collaboration applications, ensuring consistent performance across platforms.

Features

- Hybrid Active Noise Cancellation reduces ambient sounds for clearer focus on calls and music.
- Dual connectivity with Bluetooth 5.3 and wireless USB-C receiver for flexible device pairing.
- Extended battery life up to 60 hours of playtime and 30 hours of talk time on a full charge.
- Certified for Microsoft Teams for seamless integration with popular meeting platforms.
- Ergonomic design with memory foam earcups for all day comfort.
- Intuitive controls on earcup for media, calls, ANC, and volume.
- AI powered ENC enhances voice clarity by reducing background noise.

What's in the Box
