Specifications

Features:

Protect Eyes with Reader Mode
Reducing blue light to help lessen eye fatigue, Reader Mode provides optimal condition for reading. With easy joystick control, you can more comfortably read your monitor screen.

Offers Stable Image
Reducing the flicker level to almost zero, Flicker Safe helps you protect your eyes from exhausting flickers.

React Faster to The Action
Dynamic Action Sync mode allows you to instantly react to your opponents and attack them without any display lag. It synchronizes your senses with real-time scenes in fast-paced games by minimizing input lag.

Enemies Have Nowhere to Hide
Black Stabilizer gives you full visual clarity, even in games where you spend a lot of time in the dark. It synchronizes and brightens the darkest areas, so that you can find enemies hiding in the shadows and shoot first.

Easier User Interface
OnScreen Control is simple and intuitive. You can customize your display options with a few simple clicks.

Convenient and Flexible
Mount the monitor to suit your work or entertainment set up.
