## Specifications

**Features:**

**Vivid colors from any angle,LG IPS**
The LG IPS Monitor ensures and awesome picture quality that provides clear images and vivid colors from any angle for your viewing pleasure.

**ArcLine Stand**
The coexistence of smoothness and solidness in the curved structure.The beauty of ArcLine is the icing on the cake.

**Sleek Cut Design**
The Sleek Cut design, the remarkable reduction of depth with body frame, adds sophisticated ambience for your place.

**Protect Your Eyes and View in Comfort**
Flicker Safe and Reader Mode help maximize visual comfort by protecting your eyes from harmful blue light and reducing the flicker level to almost zero.

**Immerse Yourself in the Game**
The Black Stabilizer allows you to have better visibility, even in dark scenes.

**Preset Customized Options with just a Click**
OnScreen Control and My Display Presets allow you to easily customize monitor settings with a few clicks of a mouse.

**Customize Your Workspace for Multitasking**
Screen Split divides the display for different tasks by resizing the windows on the screen. With PIP Mode you can work while watching a video in a smaller window floating on the screen.

**Offers Improved Color Vision to Color Weakness**

Color revision algorithms are used to help those with color weakness who have difficulty distinguishing certain ranges of colors can view all the important content.
