Product Specification Sheet

# LGD2343PBN

LG D2343P-bn 23" 3D LED Display

## Specifications

**Features:**

**Comfortable 3D glasses**
With conventional 3D technology you have to wear 3D glasses that are 3x heavier and charge the battery. LG's CINEMA 3D technology glasses are lightweight, weighing about 10g and battery-free. Now you can comfortably watch 3D movies.

**Certified Flicker Free**
Unlike conventional 3D, LG CINEMA 3D is certified flicker-free, and provides brighter 3D pictures. It's easier on the eyes, while providing clear and crisp 3D pictures with no blur.

**2D to 3D Converting**
LG's upgraded conversion technology is the most advanced one yet, with superior depth effect and smoothness.

**3D Effect Mode**
3D Effect Mode sharpens the boarders of images allowing users to feel clearer and deeper in 3D.

**Dual Play**
LG Monitors with Dual Play function transmit two separate 2D images that can be seen through two different sets of polarized glasses.

**Lifelike Color Expression**
As LG IPS Monitor features consistency and less changes in color temperature, it offers a color impression identical to that of the original image.

**Wide Viewing Angle**
LG IPS Monitor allows you to enjoy lifelike picture quality without any color shift whether you are standing or lying down.

**Smooth Color Change**
The LG IPS Monitor always provides clear images with smooth color changes. It allows you to enjoy any content, such as action movies, web surfing and RPG games for a long time in comfort.

**SUPER+ Resolution**
The SUPER+ Resolution technology helps to detect rough edges and blurring in contents when enlarged, offering improved quality with a better high resolution.

**FULL HD**
FULL HD resolution brings you magnificent picture quality through outstanding color accuracy, visual contrast and sharpness.

**Mega Contrast Ratio**
Mega Contrast Ratio technology of LG delivers an outstanding contrast ratio that enhances picturebrightness and clarity.

**HDMI**
HDMI receives signals for high resolution contents without distortion or compression for the vivid reproduction of contents played by the latest HD entertainment devices.

**Cable Management**
The Cable Management design solves your messy cableproblems that hang down from your monitor.

**Wall Mount**
Try mounting your monitor according to your interior situations and take advantage of the space saving effect.

**SUPER Energy Saving**
Enjoy the bright screen without any image loss. Save additional energy compared to conventional LED monitors.

**Specifications:**
