LG 23" ET63 1920X1080 IPS LED Touch Monitor

Product Overview

LG 23" ET63 IPS LED Touch Monitor, 1920X1080, D-SUB, HDMI. 5 000 000 : 1, 250 CD Brightness, IPS, Tilt, Wide.

Specifications

Features:

10 Point Touch
LG Touch10 monitors provide new screens that can track up and respond to 10 simultaneous points allowing various multi-finger gestures.

Convenient for Touch Use
With the ergonomic folding stand, the monitor can be used in various angles which are highly convenient for touch use. (ET63V only)

Lifelike Colour
As LG IPS Monitor features consistency and less changes in colour temperature, it offers a colour impression identical to that of the original image.

Wide Viewing Angle
LG IPS Monitor allows you to enjoy lifelike picture quality without any colour shift whether you are standing or lying down.

Smooth Colour Change
LG IPS Monitor always provides clear images with smooth colour changes. It allows you to enjoy any content, such as action movies, web surfing and RPG games for a long time in comfort.

Full HD
FULL HD resolution brings you magnificent picture quality through outstanding colour accuracy, visual contrast and sharpness.

Mega Contrast Ratio
Mega Contrast Ratio technology of LG delivers an outstanding contrast ratio that enhances picture brightness and clarity.
