Large-capacity design
The main pocket can neatly store 15.6 inch PCs, textbooks, A4 documents, etc., and the outer front pocket can hold small items that are easy to take out. And the side pocket can store water bottles, umbrellas, etc. and can be easily taken out.

USB charging port
There is a USB port that allows you to easily connect a USB cable, and you can put the mobile battery in your rucksack and charge it conveniently even if you carry your smartphone on your back. (The Backpack does not come with a mobile battery, so please prepare it separately).

Outstanding breathability
Thick cushioning material is used for the back and shoulder belts of the bag, so even if it is heavy, you will not get tired easily, and the part in contact with the back has a mesh structure with good breathability and is effective. Keeps your back dry and feels comfortable. Versatile The design has a simple philosophy of business, casual and simple, but it can also be used for commuting to school, work, travel, business trips, etc.

High-Quality Material
Made with water and scratch-resistant fabric to prevent water from entering the interior, protecting important documents and

PCs.(Please note that it is not completely waterproof.) The back and shoulder straps are made of thick cushioning material, so even if you are heavy, it does not get tired easily. The parts that come in contact with the back are breathable and effectively keep your back dry and comfortable.

Please note: The backpack does not have a mobile battery, so please prepare it separately.
