Logitech Pro X Superlight 2c SE Black Wireless Gaming Mouse

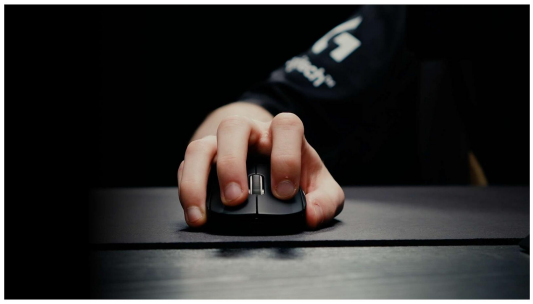

Product Overview

Logitech Pro X Superlight 2c SE Black Wireless Gaming Mouse, Hero 2 Sensor with 100 - 44000 dpi Resolution, LightSpeed Wireless Technology up to 1 kHz polling rate, 88 hours Battery Life during Constant motion, Zero-smooth / acceleration / filtering responsiveness, Max Speed greater than 888 IPS, Max acceleration greater than 88 g, 5 programmable buttons available, Requires USB 2.0 Port or higher for connectivity, Zero-additive PTFE feet for smooth gliding, Precise Sensor calibration via x and y axis adjustments, Adjustable Lift off tolerance settings included, 910-007802

Specifications

Summary Overview:

Upgrade your competitive edge with the Logitech PRO X SUPERLIGHT 2c SE, now available for South African gamers seeking top-tier performance. This ultra-lightweight wireless mouse features the advanced HERO 2 sensor and robust LIGHTSPEED connectivity, delivering a responsive experience with up to 88 hours of battery life on a single charge.

Performance tier: Professional

Uses: Competitive gaming, esports, precision aiming, fast-paced FPS titles

Overview:

The Logitech PRO X SUPERLIGHT 2c SE is a premium wireless gaming mouse designed for competitive players who demand precision and speed. Weighing in at just 53 grams, this ultra-lightweight device ensures effortless control during intense gaming sessions without compromising on performance. Equipped with the advanced HERO 2 sensor, it delivers exceptional tracking accuracy across various surfaces, while the robust LIGHTSPEED wireless technology provides a stable connection with an impressive 1 kHz polling rate for zero-latency responsiveness.

Description:

The PRO X SUPERLIGHT 2c SE combines professional-grade performance with user-centric design. It features customizable independent adjustments for X and Y axes, allowing you to fine-tune sensitivity to match your unique grip style. The mouse is built with LIGHTFORCE switches for rapid actuation and durability, supported by zero-additive PTFE feet that ensure a smooth, seamless glide across your mousepad. With an impressive battery life of up to 88 hours on a single charge, this black gaming peripheral keeps you in the game longer.

This model is identified by part number 910-007802 and represents the pinnacle of Logitech's engineering for esports enthusiasts. The device syncs seamlessly with Logitech G HUB software, enabling users to adjust settings, customize lighting, and update firmware effortlessly. Whether you are playing fast-paced shooters or strategic MOBAs, the combination of low weight and high-speed wireless connectivity provides a distinct competitive edge.

Features:

Why Choose This Gaming Mouse

- Weighs only 53 grams for reduced fatigue during long play sessions
- HERO 2 sensor supports DPI settings ranging from 100 to 44,000 for ultimate precision
- LIGHTSPEED wireless technology ensures a 1 kHz report rate with minimal latency
- Battery life extends up to 88 hours of constant motion usage

- Zero-additive PTFE feet provide a fluid and consistent glide surface

Technical Specifications

- Sensor: HERO 2 with zero smoothing, acceleration, or filtering
- Max Speed: Over 888 IPS tested on Logitech G640 Gaming Mouse Pad
- Max Acceleration: Greater than 88 G tested on Logitech G640 Gaming Mouse Pad
- Buttons: 5 programmable buttons including left, right, and side controls
- Polling Rate: Up to 1000 Hz for wired or wireless operation
- Dimensions: Height of 61.2 mm, Width of 38.6 mm, Depth of 118.4 mm

The system requirements are minimal, making this device compatible with both Windows and macOS operating systems equipped with an available USB 2.0 port or higher. While internet access is optional for using the Logitech G HUB software, it enables full customization capabilities including sensitivity adjustments and macro programming. The mouse is designed to offer a pure connection between your hand movements and on-screen actions.

What's in the box:

- Logitech PRO X SUPERLIGHT 2c SE Gaming Mouse (Black)
- USB-C charging cable
- User documentation and Warranty card

Battery	
Constant motion	88 h* Battery life varies with use conditions

System Requirements	
Requirements	(Optional) Internet access for Logitech G HUB software
Compatibility	Windows or macOS with an available USB 2.0 (or higher) port
Part Number	Black : 910-007802

FAQ

What is the weight of the Logitech PRO X SUPERLIGHT 2c SE mouse?

The mouse weighs only 53 grams and measures 118.4 mm in depth, 61.2 mm in height, and 38.6 mm in width.

How does the sensor perform for gaming?

It features a HERO 2 sensor with adjustable lift-off tolerance that supports resolutions from 100 to 44,000 DPI, ensuring zero smoothing or acceleration while tracking speeds over 888 IPS.

What battery life can I expect during use?

You can get up to 88 hours of continuous motion on a single charge with the advanced wireless technology.

Is this mouse compatible with Mac and Windows systems?

Yes, it works with both Windows and macOS as long as you have an available USB 2.0 port or higher for connection.

Do I need additional software to customize the settings?

Advanced features like precise sensor calibration and independent axis adjustments require the Logitech G HUB software, which can be downloaded via internet access.
