LOGI DF SHIFTER 941-000130

Logitech G920 racing Wheel Driving Force Shifter

Product Overview

Logitech G920 racing Wheel Driving Force Shifter for G920 / G29 - six-speed H-pattern shifter with push-down reverse

Specifications

Features:

Lock in the right gear at the right time.
Driving Force™ Shifter is designed for both G29 and G920 Driving Force racing wheels, to enhance the latest PC and console racing titles. Add Driving Force Shifter to your racing wheel setup to complete your racing rig for a more realistic experience.

Race comfortably and with confidence
With a solid steel gear shaft, Driving Force Shifter is built for precision racing and long-lasting reliability. The knob and boot are covered in high-quality, hand-stitched leather, giving it a look and feel similar to a high-performance race shifter and giving you a more comfortable, durable experience.

Maintain acceleration through every gear
The six-speed "H"-pattern shifter moves fluidly and solidly clicks into each gear, helping you execute smooth, accurate gear transitions on hairpin turns and straightaways.

Won't shift while you're shifting
Durable built-in clamps allow Driving Force Shifter to be mounted securely to a table or racing rig to minimize shifting or wobbling during aggressive race maneuvers.

System Requirements:

- Logitech G29 or G920 Driving Force Racing Wheel
- Games that support Logitech Driving Force Shifter
- PlayStation®4, Xbox One?, Windows® 8.1, Windows 8, or Windows 7

Technical Details:

- Designed to work with G29/G920 Driving Force Racing Wheels
- Six speeds with push-down reverse gear
- Steel and leather components for comfort and durability

- Mounts securely to a racing rig
