

LOGI G923 941-000158

Logitech G923 Racing Wheel and Pedals for Xbox X/S, Xbox One and PC

Product Overview

Logitech G923 Racing Wheel and Pedals for Xbox X/S, Xbox One and PC - USB wired - EMEA28i-935 - MS EU. Exclusive TRUEFORCE feedback. Aluminum paddle shifters, hand-stitched leather wheel, and pressure-sensitive brake system.

Specifications

Overview summary:

The Logitech G923 Racing Wheel and Pedals deliver a next-level racing simulation experience with advanced TRUEFORCE force feedback technology that syncs directly with in-game physics for stunning realism. Crafted with premium materials such as hand-stitched leather, anodized aluminum paddle shifters, and a pressure-sensitive brake pedal, this wheel offers unparalleled precision and immersion for Xbox Series X|S, Xbox One, and PC gamers.

Featuring a 900-degree rotation, dual-motor force feedback, and customizable controls via Logitech G HUB software, the G923 is built to satisfy both casual players and racing enthusiasts looking for professional-grade performance and comfort. The integrated LED rev indicator and adjustable dials put every command within reach, creating a highly immersive, customizable racing setup.

Racing wheel tier:High-end sim racing gear

Uses:Xbox Series X|S, Xbox One, PC racing simulation, professional-grade racing setups

Overview:

Exclusive TRUEFORCE feedback connects directly to in-game physics for unprecedented realism. Premium build featuring aluminum paddle shifters, hand-stitched leather wheel, and pressure-sensitive brake system.

Features:**FEEL THE FUTURE OF RACING**

Experience the next generation of racing wheels with the award-winning Logitech G923. Reengineered to perfectly dial into your game physics, it delivers unprecedented realism that lets you feel pistons pumping, gravel crunching, and every shift, drift, and hairpin turn like never before.

HIGH DEFINITION FORCE FEEDBACK

Powered by TRUEFORCE technology, the G923 brings sim racing physics to life with next-gen force feedback. Feel every detail of your drive with mind-blowing realism, elevating your racing experience to the next level.

 Globally Trusted by Racing's Finest

Elite drivers rely on PRO sim racing gear like the G923 to sharpen their competitive edge and prepare for the track, making it a trusted choice for serious sim racers worldwide.

Closed-Loop Motor Control

Advanced firmware continuously monitors motor currents to deliver the right torque at the right time. This precise control results in pinpoint accuracy and unmatched realism, perfectly syncing with game physics beyond default settings.

More Traction. Less Smoke.

Launch faster and cleaner off the line with a programmable dual clutch launch assist available in supported games, helping you gain an edge every race.

Crafted for Racing

Featuring a modernized classic design with a new colorway, premium brushed metal accents, automotive-style leather stitching, and polished pedals, the G923 combines style with professional-grade functionality. An integrated center marker and rotary dial make form meet function seamlessly.

On-Wheel Game Controls

Full Xbox Series X/S, Xbox One, PS5, and PS4 controls are integrated directly into the wheel, ensuring every command is at your fingertips regardless of platform.

24-Point Selection Dial

Adjust traction, torque, and brake force on the fly with a precise 24-point selection dial built into the wheel.

Progressive Brake Pedal

The progressive spring mimics pressure-sensitive brake systems for more responsive and accurate braking. Pedal faces can be repositioned to enable heel-toe maneuvers for enhanced control.

Built-in Rev Indicator

Colored LEDs display your RPM range in supported games, keeping your redline clearly visible within your line of sight.

Your Rig. Your Way.

Customize and upgrade your sim setup with Logitech G racing accessories. The Racing Adapter allows on-the-fly brake force pressure adjustments to tailor your racing experience.

Shift into Overdrive

Add the Driving Force Shifter with a realistic short-throw 6-speed "H" pattern and push-down reverse to take your racing simulation to the next level. A perfect companion for true racing enthusiasts.

Customize with G Hub

Take full control of your rig with Logitech's powerful G HUB Gaming Software. Adjust wheel sensitivity, force feedback levels, and button mappings. Create and manage multiple custom profiles for any game or application.

Compatibility:**REQUIREMENTS (XBOX SERIES X|S AND XBOX ONE)**

- Xbox Series X|S or Xbox One game system
- Game that supports Logitech force feedback racing wheel

REQUIREMENTS (PLAYSTATION 5 OR PLAYSTATION 4)

- PlayStation 5 or PlayStation 4 system
- Game that supports Logitech force feedback racing wheel.

REQUIREMENTS (PC)

- Windows® 11 or Windows 10
- 150 MB of available hard disk space
- USB 2.0 port
- Game that supports Logitech force feedback racing wheel.
