Overview Summary

Logitech M185 Wireless Mouse Black and Blue

The Logitech M185 Wireless Mouse is designed for dependable everyday performance with simple plug and play installation. Simply connect the nano USB receiver to an available USB port and begin using the mouse without complicated setup. Logitech Advanced Optical Tracking provides smooth and accurate cursor control on a wide range of surfaces.

Its compact, comfortable shape suits both left and right handed users, making it suitable for desktops and laptops at home, in the office, or while travelling. The efficient wireless design offers up to a 10m operating range, while the included AA battery delivers up to 12 months of battery life under normal use.

Performance tier: Entry level everyday wireless mouse

Uses: Office work, home computing, school, business, web browsing, everyday productivity, laptop use, desktop use

Overview

Comfortable, compact, and easy to use, the Wireless Mouse M185 enables you to work anywhere.

Description

The Logitech M185 Wireless Mouse is built for users who need dependable wireless performance for everyday computing. Its compact design fits comfortably in either hand, while the responsive optical sensor provides accurate cursor movement for work, study, and general computer use.

The included nano USB receiver remains connected to your computer, reducing the need to unplug it during transport. Operating over a reliable 2.4GHz wireless connection with a range of up to 10m, the mouse provides responsive performance without the clutter of cables. An integrated on and off switch and intelligent power management help extend battery life to up to 12 months using a single AA battery.

Compatible with a wide range of Windows, macOS, ChromeOS, and Linux systems, the Logitech M185 offers a practical solution for desktop PCs, notebooks, and portable workstations.

Features

The Logitech M185 combines dependable wireless technology with simple everyday operation.

- Reliable 2.4GHz wireless connection.
- Up to 10m wireless operating range.
- Compact nano USB receiver.
- Logitech Advanced Optical Tracking.
- 3 button design with scroll wheel.
- Comfortable ambidextrous shape.
- Plug and play installation.
- Up to 12 months battery life.

- Powered by 1 x AA battery.
- On and off power switch.
- Suitable for desktop and laptop computers.

Comfortable Shape, Compact Design
Stay productive longer with the comfortable, contoured shape that follows the natural curve of your hand. Compact and wireless, the mouse fits easily with your laptop in a bag-so you can take it anywhere you work. M185 is designed to be equally comfortable for both left- and right-handed users.

Easy Navigation, Precise Control
M185 provides a controlled line-by-line scrolling experience for easier navigation. No more annoying missed clicks-the optical sensor allows you to track with smooth and accurate cursor control on almost any surface.

Quality You Can Rely On
The mouse is built with the same high quality standards that have made Logitech the global leader for mice and keyboards. Durable and reliable, M185 also works up to 12 months without changing batteries thanks to the on/off switch button and auto-sleep power-saving mode.

Plug & play simplicity
M185 is compatible with Windows(RegTM), macOS, Chrome OS(TM) and Linux(RegTM) and works instantly when you plug the USB receiver into your computer or laptop. The receiver also provides a strong, reliable connection within up to 10 meters.

Complete tasks faster
Get more done by adding M185 to your laptop. According to a recent study, laptop users who chose this mouse over a touchpad were 50% more productive and worked 30% faster.

Decades of Design Excellence
We bring over 25 years of expertise and innovation creating mice of various sizes and shapes that provide an extra degree of comfort. Our solutions are meticulously crafted to fit right- or left-handed users, making it easier to find the product that's right for you.
