Product Overview

Logitech MK330 Wireless Keyboard and Mouse Combo Nano USB receiver full size key board with low profile keys 2 4 GHz up to 10m range 24-months battery life for KB 12-month for mouse instant access hot

Specifications

Overview:

Designed for what you love
You can get right to Amazon and MSN thanks to 11 hot keys that deliver instant control and access to your favorite websites-and the music and movies you love.

Happy hands
Low-profile, whisper-quiet keys help make typing IMs, emails and anything else nice and easy.

Wireless wonder mouse
The portable, comfortable mouse-with its plug-and-forget nano receiver goes wherever you use your computer.

Features:

Multimedia hot keys
Skip a song. Pause a video. Turn up the volume. You get 11 multimedia hot keys for instant access to play, pause, previous, next, volume and mute.

Sleek, comfortable design
The keyboard's sleek design and low-profile, whisper-quiet keys make for a more comfortable typing experience than laptop and netbook keyboards.

Portable wireless mouse
You can take the sleek mouse anywhere you take your computer. Plus, the included storage compartment makes it easy to store the nano-receiver.

Extended battery life
A 24-month keyboard and 12-month mouse battery life mean you can go for months without the hassle of changing batteries.

Advanced 2.4 GHz wireless
So you can work or play in more places-like your comfy couch-the long-range wireless connection virtually eliminates delays, dropouts and interference and gives you a range of up to 10 meters

Plug-and-play simplicity
Setup couldn't be easier-you simply plug the wireless receiver into a USB port on your computer and you'll be exploring MSN, shopping on Amazon and searching Google right away without software.

12 programmable F-keys
You're in charge with programmable F-keys that you can easily customize to open your favorite applications, folders or web pages.

Logitech Unifying receiver
The tiny receiver stays in your laptop. Plus, you can easily add a compatible wireless mouse, keyboard or number pad-without the hassle of multiple USB receivers.
