

LOGI VC RALLY MIC POD 989-000430

Logitech VC Rally Mic Pod Graphite

Product Overview

Logitech 989-000430 VC Rally Mic POD Graphite, Modular microphones with rightsound for Rally / Rally Bar / Rally Bar mini, 4.5 m pickup range, AI Filter noise suppression

Specifications

Overview:

Rally Mic Pod

Modular microphones with RightSound for Rally, Rally Bar, and Rally Bar Mini

Features:

Good Looks Meet Great Sound

Boasting a sleek, low-profile design and premium materials, these mic pods render clear, natural, conversational sound. Individual pods contain multiple beamforming elements to capture speech, not distractions. In larger rooms, deploy additional mic pods to extend the beamforming mic matrix throughout the room.

RightSound for automatic voice-leveling and noise suppression Adaptive beamforming mic array Machined zinc frame to dampen vibration Easy access mute button with LED status indicator

Hear Every Voice Clearly

While ordinary microphones pick up any sound, these mic pods hear voices. With RightSound technologies to auto-level

Product Specification Sheet

voices, suppress noise, and cancel echo, conversations feel remarkably lively and natural.

Simplified Cabling

Mic pods can be daisy-chained for full coverage in rooms with long tables. For U-shaped tables or single-wire cabling through grommets, the Rally Mic Pod Hub accessory provides three connections for optimal positioning and to bring mute control within easy reach.

Elegant Design

Thanks to the union of advanced technology and robust build quality, Rally Mic Pods deliver both remarkable range and exquisite sensitivity. Thoughtful materials resist fingerprints and stains, while a color-coded LED icon provides clear visual confirmation when muted.

Mounts High and Low

Elevate the appearance of meeting rooms with the available Mic Pod Mount. The compact form factor and clever design details anchor mic pods to both tables and ceilings, and hides cabling for a clean look.
