Specifications

Overview:

Count on this hp laserjet to tackle high-volume printing with legendary reliability. You can easily set and enforce printing policies to help conserve energy and resources. Protect sensitive data and your network with advanced security features. Ideal for workgroups in medium to small businesses that require a fast, reliable printer for high-volume document printing which offers advanced network management, increased paper capacity and security features.

Features:

Keep your workflow moving with fast output and precision paper handling.

- Boost productivity with fast print speeds up to 43 ppm and produce documents on a variety of media.
- Manage workflow directly from the printer via the 4-line colour control panel and get quick prints from a usb flash drive.
- Easily meet high-volume printing demands with automatic two-sided printing, a built-in 500-sheet paper tray, a 100-sheet multipurpose tray and capacity of up to 3,600 sheets.
- Replace toner cartridges easily with simple one-door access and enjoy quiet, clean performance.

Achieve outstanding energy and paper savings.

- Control energy use with hp auto-on/auto-off technology which turns your printer on and off based on network activity. Instant-on technology speeds warm-up/cool-down times, saving even more power.
- Track usage data in real time and apply custom energy-saving options and printer settings with the hp ecosmart console.
- Reduce paper use by up to 50% with automatic two-sided printing.
- Pre-installed original hp toner cartridges reduce waste. Recycle them for free through hp planet partners.

Create a more secure printing environment.

- Take control of printing practices and enforce security policies, using hp access control.
